INTRODUCTION TO YOUR HIGH DEDUCTIBLE HEALTH PLAN

This plan meets the requirements of a high deductible health plan for use with a Health Savings Account. Participation in a Health Savings Account is not required for enrollment or continued eligibility on this plan. Premera Blue Cross is not an administrator, trustee or fiduciary of any Health Savings Account which may be used in conjunction with this health plan. No feature of this plan is intended to, or should be assumed to, override Health Savings Account requirements. Please contact your Health Savings Account administrator if you have questions about requirements for Health Savings Accounts.

Premera Blue Cross is an Independent Licensee of the Blue Cross Blue Shield Association. The benefits, limitations, exclusions and other coverage provisions in this booklet are subject to the terms of our contract with the Group. This booklet is a part of that contract, which is on file in the Group's office and at Premera Blue Cross. This booklet replaces any other benefit booklet you may have received. The Group has delegated authority to Premera Blue Cross to use its expertise and judgment as part of the routine operation of the plan to reasonably apply the terms of the contract for making decisions as they apply to specific eligibility, benefits and claims situations. This does not prevent you from exercising rights you may have under applicable state or federal law to appeal, have independent review of our judgment and decisions, or bring a civil lawsuit challenging to any eligibility or claims determinations under the contract, including our exercise of our judgment and expertise.

This plan will comply with the 2010 federal health care reform law, called the Affordable Care Act (see *Definitions*). If Congress, federal or state regulators, or the courts make further changes or clarifications regarding the Affordable Care Act and its implementing regulations, including changes which become effective on the beginning of the calendar year, this plan will comply with them even if they are not stated in this booklet or if they conflict with statements made in this booklet.

SUMMARY OF YOUR COSTS

This section shows a summary table of the care covered by your plan. It also explains the amounts you pay. **This section does not go into all the details of your coverage. Please see *Covered Services* to learn more**.

First, here is a quick look at how this plan works. Your costs are subject to all of the following.

- The **networks**. To help control the cost of your care, this plan uses Premera's Heritage network in Washington. You may be able to save money if you use an in-network provider. For more network details, see ***How Providers Affect Your Costs***.
- The **allowed amount**. This is the most this plan allows for a covered service. It is often lower than the provider's billed charge. Providers not in one of the plan's networks have the right to bill you for amounts over the allowed amount. See ***Important Plan Information*** for details. For some covered services, you have to pay part of the allowed amount. This is called your **cost-share**. This plan's cost-shares are explained below. You will find the amounts in the summary table.
- The **deductible**. The total allowed amount you pay in each year before this plan starts to make payments for your covered healthcare costs. You pay down the deductible with each claim. The deductible amount depends on whether a subscriber enrolls with or without a spouse and/or children. See ***Important Plan Information*** for more details.

	In-Network Providers	**Out-of-Network Providers**
Subscriber-only deductible	$3,500	Shared with in-network
Subscriber+dependent deductible (not shown in the summary table)	$6,500	Shared with in-network

- **Coinsurance**. For some healthcare, you pay a percentage of the allowed amount, and the plan pays the rest. This booklet calls your percentage “coinsurance.” You pay less coinsurance for many benefits when you use an in-network provider. Your coinsurance is shown in the summary table.
- The **out-of-pocket maximum** (not shown in the summary table). This is the most you pay each calendar year for any deductibles, copays and coinsurance. Not all the amounts you have to pay count toward the out-of-pocket maximum. No enrolled family member has to pay more than the individual out-of-pocket maximum. See ***Important Plan Information*** for details.

	In-Network Providers	**Out-of-Network Providers**
Individual out-of-pocket maximum	$6,500	None
Family out-of-pocket maximum	$13,000	None

- **Pre-Approval**. Some services must be approved in advance before you get them, in order to be covered. See ***Pre-Approval*** for details about the types of services and time limits. Some services have special rules.

This plan complies with state and federal regulations about diabetes medical treatment coverage. Please see the ***Preventive Care***, ***Prescription Drug***, ***Home Medical Equipment (HME), Orthotics, Prosthetics And Supplies***, and ***Foot Care*** benefits.

SUMMARY TABLE

The summary table below shows plan limits and what you pay (your cost-shares) for covered services. Facility in the table below means hospitals or other medical institutions. **Professional** means doctors, nurses, and other people who give you your care. **No charge** means that you do not pay any deductible, copay or coinsurance for covered services. **No cost-shares** means that although you do not pay any deductible, copay or coinsurance for covered services, the provider can bill you for amounts over the allowed amount. **The table also shows the subscriber-only deductible. The subscriber+dependent deductible is two times the deductible amount shown.** The deductible that applies to you depends on whether the subscriber is covering dependents or not.

HOW PROVIDERS AFFECT YOUR COSTS

This plan's benefits and your out-of-pocket expenses depend on the providers you see. In this section you'll find out how the providers you see can affect this plan's benefits and your costs.

This plan makes available to you sufficient numbers and types of providers to give you access to all covered services in compliance with applicable Washington state regulations governing access to providers. Our provider networks include hospitals, physicians, and a variety of other types of providers.

This plan does not require use or selection of a primary care provider, or require referrals for specialty care. Members may self-refer to providers, including obstetricians, gynecologists and pediatricians, to receive care, and may do so without pre-approval.

In-Network Providers

This plan is a Preferred Provider Plan (PPO). This means that the plan provides you benefits for covered services from providers of your choice. Its benefits are designed to provide lower out-of-pocket expenses when you receive care from in-network providers. There are some exceptions, which are explained below.

In-Network providers are:

- Providers in the Heritage network in Washington. For care in Clark County, Washington, you also have access to providers through the BlueCard® Program.
- Providers in Alaska that have signed contracts with Premera Blue Cross Blue Shield of Alaska.
- For care outside the service area (see ***Definitions***), providers in the local Blue Cross and/or Blue Shield Licensee's network shown below. (These Licensees are called "Host Blues" in this booklet.) ***See Out-Of-Area Care*** later in the booklet for more details.
  - Wyoming: The Host Blue's Traditional (Participating) network
  - All Other States: The Host Blue's PPO (Preferred) network

In-Network pharmacies are available nationwide.

In-network providers provide medical care to members at negotiated fees. These fees are the allowed amounts for in-network providers. When you receive covered services from an in-network provider, your medical bills will be reimbursed at a higher percentage (the in-network benefit level). This means lower cost-shares for you, as shown in the ***Summary Of Your Costs***. In-network providers will not charge you more than the allowed amount for covered services. This means that your portion of the charges for covered services will be lower.

Your choice of a particular provider may affect your out-of-pocket costs because different providers may have different allowed amounts even though they all have an agreement with us or with the same Host Blue. You'll never have to pay more than your share of the allowed amount for covered services when you use in-network providers.

A list of in-network providers is in our Heritage provider directory. You can access the directory at any time on our Web site at **www.premera.com**. You may also ask for a copy of the directory by calling Customer Service. The providers are listed by geographical area, specialty and in alphabetical order to help you select a provider that is right for you. You can also call the BlueCard provider line to locate an in-network provider. The numbers are on the back cover of this booklet and on your Premera Blue Cross ID card.

We update this directory regularly but the listings can change. Before you get care, we suggest that you call us for current information or to make sure that your provider, their office location or their provider group is in the Heritage network.

Important Note: You're entitled to receive a provider directory automatically, without charge.

Continuity Of Care

If you are in active relationship and treatment, and your doctor or health care provider is no longer in your network, you may be able to continue to see that provider for a period of time. An "active relationship" means that you have had three or more visits with the provider within the past 12 months.

Continuity of care does not apply if your provider:

- No longer holds an active license
- Relocates out of the service area

- Goes on leave of absence
- Is unable to provide continuity of care because of other reasons
- Does not meet standards of quality of care

You must continue to be enrolled on this plan to be eligible for any continuity of care benefit.

We will notify you immediately if the provider contract termination will happen within 30 days. Otherwise, we will notify you no later than 10 days after the provider's contract ends if we know that you are under an active treatment plan. If we learn that you are under an active treatment plan after your provider's contract ends, we will notify you no later than the 10th day after we become aware of this fact.

You can request continuity of care by contacting Care Management. The contact information is on the back cover of this booklet.

If you are approved for continuity of care, you will get continuing care from the terminating provider until the earliest of the following:

- The 90th day after we notified you that your provider's contract ended
- The 90th day after we notified you that your provider's contract ended, or the date your request for continuity of care was received or approved, whichever is earlier
- The day after you complete the active course of treatment entitling you to continuity of care
- If you are pregnant, and become eligible for continuity of care after commencement of the second trimester of the pregnancy, you will receive continuity of care
- As long as you continue under an active course of treatment, but no later than the 90th day after we notified you that your provider's contract ended, or the date your request for continuity of care was received or approved, whichever is earlier

When continuity of care ends, you may continue to receive services from this same provider, however, the plan will pay benefits at the out-of-network benefit level. Please see the ***Summary Of Your Costs*** for more information. If we deny your request for continuity of care, you may appeal the denial. Please see ***Complaints and Appeals***.

Out-Of-Network Providers

Out-Of-Network providers are providers that are not in one of the networks shown above. Your bills will be reimbursed at a lower percentage (the out-of-network benefit level).

- Some providers in Washington that are not in the Heritage network do have a contract with us. Even though your bills will be reimbursed at the lower percentage (the out-of-network benefit level), these providers will not bill you for any amount above the allowed amount for a covered service. The same is true for a provider that is in a different network of the local Host Blue.
- There are also providers who do not have a contract with us, Premera Blue Cross Blue Shield of Alaska or the local Host Blue at all. These providers are called “non-contracted” providers in this booklet. Their covered services are based on a lower allowed amount. See ***Important Plan Information***. “Non-contracted” providers have the right to charge you more than the allowed amount for a covered service. You may also be required to submit the claim yourself. See ***How Do I File A Claim*** for details.

Amounts in excess of the allowed amount don’t count toward any applicable calendar year deductible, coinsurance or out-of-pocket maximum.

Services you receive in an in-network facility may be provided by physicians, anesthesiologists, radiologists or other professionals who are out-of-network providers. When you receive services from these out-of-network providers, you may be responsible for amounts over the allowed amount as explained above.

In-Network Benefits For Out-Of-Network Providers

The following covered services and supplies provided by out-of-network providers will always be covered at the in-network level of benefits:

- Emergency care for a medical emergency. (Please see the ***Definitions*** section for definitions of these terms.) This plan provides worldwide coverage for emergency care.

  The benefits of this plan will be provided for covered emergency care without the need for any pre-approval and without regard as to whether the health care provider furnishing the services is an in-network provider. Emergency care furnished by an out-of-network provider will be reimbursed at the in-network benefit level. As

explained above, if you see an out-of-network provider, you may be responsible for amounts that exceed the allowed amount.

- Services from certain categories of providers to which provider contracts are not offered. These types of providers are not listed in the provider directory.
- Services associated with admission by an in-network provider to an in-network hospital that are provided by hospital-based providers.
- Facility and hospital-based provider services received in Washington from a hospital that has a provider contract with Premera Blue Cross, if you were admitted to that hospital by a Heritage provider who doesn't have admitting privileges at a Heritage hospital.
- Covered services received from providers located outside the United States, the Commonwealth of Puerto Rico and the U.S. Virgin Islands.

If a covered service is not available from an in-network provider, you can receive benefits for services provided by an out-of-network provider at the in-network benefit level. However, you must request this before you get the care. See ***Pre-Approval*** to find out how to do this.

IMPORTANT PLAN INFORMATION

This section of your booklet explains the types of expenses you must pay for covered services before the benefits of this plan are provided. (These are called "cost-shares" in this booklet.) To prevent unexpected out-of-pocket expenses, it's important for you to understand what you're responsible for.

The allowed amount is also explained.

You'll find the dollar amounts for these expenses and when they apply in the ***Summary Of Your Costs***.

CALENDAR YEAR DEDUCTIBLE

A calendar year deductible is the amount of expense you must incur in each calendar year for covered services and supplies before this plan provides benefits. The amount credited toward the calendar year deductible for any covered service or supply won't exceed the allowed amount (please see the ***Allowed Amount*** subsection below in this booklet).

While some benefits have dollar maximums, others have different kinds of maximums, such as a maximum number of visits or days of care that can be covered. We don't count allowed amounts that apply to your in-network or out-of-network calendar year deductibles toward dollar benefit maximums. But if you receive services or supplies covered by a benefit that has any other kind of maximum, we do count the services or supplies that apply to your calendar year deductible toward that maximum.

Your calendar year deductible is dependent upon whether you're enrolled as an individual (subscriber only) or as part of a family (subscriber plus one or more dependents).

Subscriber-Only Deductible

When a subscriber enrolls without dependents, the subscriber must pay a fixed amount called the subscriber-only deductible before certain benefits of this plan are provided. The subscriber-only deductible does not apply to a subscriber when he or she enrolls with other family members.

Subscriber+Dependent Deductible

When a subscriber enrolls with dependents, they have a different calendar year deductible, called the subscriber+dependent deductible. This is the amount that the entire family (subscriber plus one or more enrolled dependents) must pay in total each calendar year before benefits are provided. The subscriber+dependent deductible is an "aggregate" amount, meaning that it can be met by one family member or all family members in combination. Benefits are not provided for any family member until the total subscriber+dependent deductible has been reached. This is true even if the subscriber has paid an amount equal to the subscriber-only deductible.

Please Note: If a subscriber adds or drops dependents from coverage during the calendar year, the calendar year deductible will change to the subscriber-only or subscriber+dependent calendar year deductible when appropriate. If the subscriber adds dependents, any amounts applied to the subscriber-only deductible would be credited toward the subscriber+dependent deductible.

What Doesn't Apply To The Calendar Year Deductible?

Amounts that don't accrue toward this plan's calendar year deductible are:

- Amounts that exceed the allowed amount
- Charges for excluded services
- The penalty for not requesting pre-approval when needed. See ***Pre-Approval*** in the Care Management section of this booklet.

COINSURANCE

"Coinsurance" is a defined percentage of allowed amounts for covered services and supplies you receive. It's the percentage you're responsible for, not including the calendar year deductible and any copays, when the plan provides benefits at less than 100% of the allowed amount.

OUT-OF-POCKET MAXIMUM

Once the family deductible is met, your individual deductible will be satisfied. However, you must still pay coinsurance and copays, if any, until your individual out-of-pocket maximum is reached. The out-of-pocket maximum is the maximum amount each member could pay each calendar year for covered services and supplies furnished by in-network providers. There is no out-of-pocket maximum limit for services of out-of-network providers. This plan has 2 out-of-pocket maximums. One is for subscribers enrolling without dependents, called the individual out-of-pocket maximum. The other is for subscribers enrolling with dependents. That one is called the family out-of-pocket maximum.

The family out-of-pocket maximum works differently than the plan's subscriber+dependent deductible. Unlike the deductible, the annual out-of-pocket maximum for any one member cannot be more than the individual out-of-pocket maximum limit set by federal law. To comply, when any one member's cost-shares equal the individual out-of-pocket maximum, the plan's family maximum for the calendar year will be met for that member. The balance of the family out-of-pocket maximum must then be reached by one or more of the remaining members in order for the family maximum for the calendar year to be met for all those members.

Once the out-of-pocket maximum has been satisfied, the benefits of this plan will be provided at 100% of allowed amounts for the remainder of that calendar year for covered services from in-network providers.

Expenses that apply to the out-of-pocket maximum are:

- The calendar year deductible
- Coinsurance

Expenses that do not apply to the out-of-pocket maximum are:

- Charges above the allowed amount
- Charges not covered by the plan
- Your cost-shares for services of out-of-network providers. However, benefits that always apply in-network cost-shares, like the Emergency Room Services benefit, will apply toward the out-of-pocket maximum.
- The penalty for not requesting pre-approval when needed. See ***Pre-Approval*** in the Care Management section of this booklet.

ALLOWED AMOUNT

This plan provides benefits based on the allowed amount for covered services. We reserve the right to determine the amount allowed for any given service or supply. The allowed amount is described below. There are different rules for emergency services. These rules are shown below the general rules.

General Rules

- **Providers In Washington and Alaska Who Have Agreements With Us**

  For any given service or supply, the amount these providers have agreed to accept as payment in full pursuant to the applicable agreement between us and the provider. These providers agree to seek payment from us when they furnish covered services to you. You'll be responsible only for any applicable calendar year deductibles, copays, coinsurance, charges in excess of the stated benefit maximums and charges for services and supplies not covered under this plan.

  Your liability for any applicable calendar year deductibles, copays, coinsurance and amounts applied toward benefit maximums will be calculated on the basis of the allowed amount.

- **Providers Outside The Service Area Who Have Agreements With Other Blue Cross Blue Shield Licensees**

  For covered services and supplies received outside the service area, allowed amounts are determined as

stated in the ***What Do I Do If I'm Outside Washington And Alaska?*** section (***Out-Of-Area Care***) in this booklet.

- **Providers Who Don't Have Agreements With Us Or Another Blue Cross Blue Shield Licensee**

  The allowed amount for providers in the service area that don't have a contract with us is the least of the three amounts shown below. The allowed amount for providers outside the service area that don't have a contract with us or the local Blue Cross and/or Blue Shield Licensee is also the least of the three amounts shown below.

  - An amount that is no less than the lowest amount the plan pays for the same or similar service from a comparable provider that has a contracting agreement with us
  - 125% of the fee schedule determined by the Centers for Medicare and Medicaid Services (Medicare), if available
  - The provider's billed charges. Note: Ambulances are always paid based on billed charges.

  If applicable law requires a different allowed amount than the least of the three amounts above, this plan will comply with that law.

Emergency Care

Consistent with the requirements of the Affordable Care Act, the allowed amount will be the greatest of the following amounts:

- The median amount that Heritage network providers have agreed to accept for the same services
- The amount Medicare would allow for the same services
- The amount calculated by the same method the plan uses to determine payment to out-of-network providers

In addition to your deductible, copays and coinsurance, you will be responsible for charges received from out-of-network providers above the allowed amount.

When you receive services from providers that **don't** have agreements with us or the local Blue Cross and/or Blue Shield Licensee, your liability is for any amount above the allowed amount, and for your normal share of the allowed amount (see the ***Summary Of Your Costs*** for further detail).

If you have questions about this information, please call us at the number listed on your Premera Blue Cross ID card.

Note: Non-contracted ambulances are always paid based on billed charges.

The allowed amount will be the amount allowed for out-of-network providers even when the provider's services are covered at the in-network benefit level.

If you have questions about this information, please call us at the number listed on your Premera Blue Cross ID card.

COVERED SERVICES

This section of your booklet describes the services and supplies that the plan covers. Benefits are available for a service or supply described in this section when it meets all of these requirements:

- It must be medically necessary (please see the ***Definitions*** section in this booklet) and must be furnished in a medically necessary setting.

- It must be furnished by a "provider" (please see the ***Definitions*** section in this booklet) who's performing services within the scope of his or her license or certification.
- It must meet the standards set in our medical and payment policies. The plan uses policies to administer the terms of the plan. Medical policies are generally used to further define medical necessity or investigational status for specific procedures, drugs, biologic agents, devices, level of care or services. Payment policies define our provider billing and payment rules. Our policies are based on accepted clinical practice guidelines and industry standards accepted by organizations like the American Medical Association (AMA), other professional societies and the Center for Medicare and Medicaid Services (CMS). Our policies are available to you and your provider at **www.premera.com** or by calling Customer Service.

Benefits for some types of services and supplies may be limited or excluded under this plan. Please refer to the

actual benefit provisions throughout this section and the ***Exclusions*** section for a complete description of covered services and supplies, limitations and exclusions. You will find limits on days or visits and dollar limits in the ***Summary Of Your Costs***.

The ***Summary Of Your Costs*** also explains your cost-shares under each benefit.

Dialysis

When you have end-stage renal disease (ESRD) you may be eligible to enroll in Medicare. If eligible, it is important to enroll in Medicare as soon as possible. When you enroll in Medicare, this plan and Medicare will coordinate benefits. In most cases, this means that you will have little or no out-of-pocket expenses.

If you have a health savings account, you should ask a tax advisor how having Medicare affects your ability to put money into that account.

If the dialysis services are provided by a non-contracted provider then you will owe the difference between the non-contracted provider's billed charges and the payment we will make for the covered services. See ***Allowed Amount*** in ***Important Plan Information*** for more information.

However, this restriction doesn't apply in any case where the decision to discharge the mother or her newborn child before the expiration of the minimum length of stay is made by an attending provider in consultation with the mother. In any case, plans and issuers also may not, under Federal law, require that a provider get authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours or 96 hours as applicable.

If the attending provider bills a global fee that includes prenatal, delivery and/or postpartum services received on

multiple dates of service, this plan will cover those services as it would any other surgery. Please see the ***Surgery*** benefit for details on surgery coverage.

Please see the ***Preventive Care*** benefit for women's preventive care during and after pregnancy.

If the mother isn’t eligible to receive obstetrical care benefits under this plan, the newborn isn’t automatically covered for the first 3 weeks. For newborn enrollment information, please see the ***Who Is Eligible For Coverage?*** and ***When Does Coverage Begin?*** sections.

Benefits are provided on the same basis as any other care, subject to the child's own cost-shares, if any, and other provisions as specified in this plan. Services must be consistent with accepted medical practice and ordered by the attending provider in consultation with the mother.

Please Note: If the newborn is admitted to an out-of-network medical facility, benefits for inpatient facility services are subject to your calendar year deductible and coinsurance. For an explanation of the amount you’ll pay for services and supplies from out-of-network providers, please see the ***Summary Of Your Costs***.

Group health plans and health insurance issuers generally may not, under federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, this restriction doesn’t apply in any case where the decision to discharge the mother or her newborn child before the expiration of the minimum length of stay is made by an attending provider in consultation with the mother. In any case, plans and issuers also may not, under Federal law, require that a provider get authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours or 96 hours as applicable.

PV1 Preventive Drugs The plan also covers drugs on our PV1 list. PV1 drugs are effective in controlling health problems such as heart disease. Our Pharmacy Committee reviews the list throughout the year. They update the PV1 list when needed. The review process is the same as the process described in "Questions And Answers About Your Pharmacy Benefits" later in this benefit.

Please call customer service or log in to the member portal on our Web site to find out if a drug is on the PV1 list. The phone number and our Web address are on the back of this booklet.

Preventive Drugs Required By The Affordable Care Act that your doctor prescribes

Off-Label Uses The US Food and Drug Administration (FDA) approves prescription drugs for specific health conditions or symptoms. Some drugs are prescribed for uses other than those the FDA has approved. The plan covers such drugs if the use is recognized as effective in standard drug reference guides put out by the American Hospital Formulary Service, the American Medical Association, the US Pharmacopoeia, or other reference guides also recognized by the Federal Secretary of the US Health and Human Services department or the Insurance Commissioner.

Drug uses that are not recognized by one of the above standard drug reference guides can be covered if they are recognized by the Secretary of the US Health and Human Services department or by the majority of relevant, peer-reviewed medical literature. For more details, see the definition of "prescription drug" in the ***Definitions*** section of this booklet.

Compound Medications To be covered, these must contain at least one covered prescription drug

Pre-Approval For Prescription Drugs

Certain prescription drugs you receive through a pharmacy must have pre-approval before you get them at a pharmacy, in order for the plan to provide benefits. Your provider can ask for a pre-approval by faxing a pre-approval form to us. This form is in the pharmacy section of our Web site at **www.premera.com**. You will also find the specific list of prescription drugs requiring pre-approval on our Web site. If your prescription drug is on this list, and you do not get pre-approval, when you go to the pharmacy to fill your prescription, your pharmacy will tell you that it needs to be pre-approved. You or your pharmacy should call your provider to let them know. Your provider can fax us a pre-approval form for review.

If Premera Blue Cross or the prescriber cannot be reached at the time an in-network pharmacy asks for a pre-approval, the plan may cover a small supply of the drug to allow more time for the pre-approval. The cost-shares shown in the ***Prescription Drug*** benefit will apply. In-Network pharmacies will take care of this for you. If an advance fill is not allowed for your drug, you can still buy the drug before it is pre-approved, but you must pay the full cost. If the drug is authorized after you bought it, you can send us a claim for reimbursement. Reimbursement will be based on the allowed amount. See ***How Do I File A Claim?*** for details.

Sometimes, benefits for some prescription drugs may be limited to one or more of the following:

- A set number of days' supply or a specific drug or drug dosage appropriate for a usual course of treatment.
- Certain drugs for a specific diagnosis
- Certain drugs from certain pharmacies, or you may need to get a prescription drug from an appropriate medical specialist or a specific provider
- Step therapy, meaning you must try a generic drug or a specified brand name drug first

These limits are based on medical standards, the drug maker's advice, and your specific case. They are also based on FDA guidelines and medical articles and papers.

Your Prescription Drug Rights

You have the right to safe and effective pharmacy services. You also have the right to know what drugs are covered under your plan and the limits that apply. If you have a question or concern about your prescription drug benefits, please contact us (the health carrier) at the Customer Service phone number shown on the back cover of this booklet or visit our website at **www.premera.com**. If you would like to know more about your rights, or if you have concerns about your plan, you may contact the Washington State Office of Insurance Commissioner at 1-800-562-6900 or **www.insurance.wa.gov**. If you have a concern about the pharmacists or pharmacies serving you, please contact the Washington State Department of Health at 360-236-4700 **www.doh.wa.gov**, or HSQACS@doh.wa.gov.

Questions And Answers About Your Prescription Drug Benefit

1. Does this plan exclude certain drugs my health care provider may prescribe, or encourage substitution for some drugs?

Your coverage for drugs is not restricted to drugs on a specific list. This plan does make use of a list of drugs, sometimes called a "formulary."

Our Pharmacy and Therapeutics Committee makes the decisions about the drug list. This committee includes doctors and pharmacists from the community. The committee reviews medical studies, scientific articles and papers and other information on drugs and their uses to choose safe and effective drugs for the list.

This plan does cover drugs that aren't on the drug list on the same basis as drugs that are. However, this plan doesn't cover certain categories of drugs. These are listed under ***Exclusions*** earlier in this benefit.

Certain drugs need pre-approval. Please see ***Pre-Approval*** above in this benefit for more detail.

This plan encourages the use of appropriate generic drugs (as defined below). When available and indicated by the prescriber, a generic drug will be dispensed in place of a brand name drug.

A "generic drug" is a prescription drug manufactured and distributed after the brand name drug patent of the innovator company has expired. Generic drugs have obtained an AB rating from the U.S. Food and Drug Administration (FDA). The FDA considers them to be therapeutically equivalent to the brand name product. For the purposes of this plan, classification of a particular drug as a generic is based on generic product availability and cost as compared to the reference brand name drug.

2. When can my plan change the pharmacy drug list? If a change occurs, will I have to pay more to use a drug I had been using?

Our Pharmacy and Therapeutics Committee reviews the pharmacy drug list frequently throughout the year.

Changes to our drug list do not change your benefits.

3. What should I do if I want a change from limitations, exclusions, substitutions or cost increases for drugs specified in this plan?

The limitations and exclusions applicable to your prescription drug benefit, including categories of drugs for which no benefits are provided, are part of this plan's overall benefit design, and can't be changed. The plan's rules about substitution of generic drugs are described above in question 1.

You can appeal any decision you disagree with. Please see the ***Complaints And Appeals*** section in this

booklet, or call our Customer Service department at the telephone numbers listed on the back cover of this booklet for information on how to submit an appeal.

4. How much do I have to pay to get a prescription filled?

You will find the amounts you pay for covered drugs in the ***Summary Of Your Costs***.

5. Do I have to use certain pharmacies to pay the least out of my own pocket under this plan?

Yes. You may have lower out-of-pocket costs when you have your prescriptions filled by in-network pharmacies. This is because in-network pharmacies accept our allowed amount for covered drugs as payment in full. The majority of retail pharmacies in Washington are part of our pharmacy network. Your benefit covers prescription drugs dispensed from an out-of-network pharmacy, but at a possible higher out-of-pocket cost to you.

You can find an in-network pharmacy near you by consulting your provider directory, or calling the Pharmacy Locator Line at the toll-free telephone number found on the back of your Premera Blue Cross ID card.

Specialty drugs are covered only when you get them from specialty pharmacies. Specialty pharmacies are pharmacies that focus on the delivery and clinical management of specialty drugs. See the ***Summary Of Your Costs*** for more information.

6. How many days' supply of most medications can I get?

The dispensing limits (or days' supply) for drugs dispensed at retail pharmacies are described in the ***Getting Prescriptions Filled*** table above.

Benefits for refills will be provided only when the member has used 75% of a supply of a single medication. The 75% is calculated based on both of the following:

- The number of units and days' supply dispensed on the last refill
- The total units or days' supply dispensed for the same medication in the 180 days immediately before the last refill

Exceptions to the supply limit are allowed as required by law:

- A pharmacist can approve an early refill of a prescription for eye drops or eye ointment in some cases.
- A different supply can be allowed so that a new drug can be refilled at the same time as drugs that you are already taking. We will pro-rate the cost-shares to the exact number of days early that the refill is dispensed.
- Up to a 12-month supply of birth control drugs can be dispensed on request.

The plan can also cover more than the 30-day or 90-day supply limit if the drug maker's packaging does not let the exact amount be dispensed. If you must pay a copay for the drug, you pay one copay for each 30-day supply from a retail pharmacy or one copay for each 90 day supply from the in-network mail-order pharmacy.

7. What other pharmacy services does my health plan cover?

This benefit is limited to covered prescription drugs and specified supplies and devices dispensed by a licensed pharmacy. Other services, such as consultations with a pharmacist, diabetic education or medical equipment, are covered by the medical benefits of this plan, and are described elsewhere in this booklet.

Drug Discount Programs

Premera Blue Cross may receive rebates from its pharmacy benefit manager or other vendors. Such rebates are Premera Blue Cross's property. These rebates are retained by Premera Blue Cross and may be taken into account in setting subscription charges or may be credited to administrative charges and are not reflected in your allowed amount. The allowed amount is not adjusted to reflect rebates received as part of Drug Discount Programs.

In addition, the allowed amount that your payment for drugs is based on may be higher than the price Premera Blue Cross pays its pharmacy benefit manager or other vendors for those drugs. The difference constitutes Premera Blue Cross property. Premera Blue Cross is entitled to retain and shall retain the difference and may apply it to the cost of Premera Blue Cross's operations. The allowed amount is not adjusted to reflect discounts received as part of Drug Discount Programs.

About Preventive Care

Preventive care is a set of evidence-based services. These services are based on guidelines required under state or federal law. The guidelines come from:

- Services that the United States Preventive Services Task Force has given an A or B rating
- Immunizations that the Centers for Disease Control and Prevention recommends
- Screening and other care for women, babies, children and teens that the Health Resources and Services Administration recommends.
- Services that meet the standards in Washington state law.

Please go to this government website for more information:
https://www.healthcare.gov/coverage/preventive-care-benefits/

The agencies above may also change their guidelines from time to time. If this happens, the plan will comply with the changes.

Some preventive services and tests have limits on how often you should get them. The limits are often based on your age or gender. For some services, the number of visits covered as preventive depends on your medical needs. After one of these limits is reached, these services are not covered in full and you may have to pay more out-of-pocket costs.

Some of the covered services your doctor does during a routine exam may not be preventive at all. The plan would cover them under other benefits. They would not be covered in full.

For example:

During your preventive exam, your doctor may find a problem that needs further tests or screening for a proper diagnosis to be made. Or, if you have a chronic disease, your doctor may check your condition with tests. These types of tests help to diagnose or monitor your illness and would not be covered under the ***Preventive Care*** benefit. You would have to pay the cost share under the plan benefit that covers the service or test.

The *Preventive Care* benefit does not cover:

- Take-home drugs or over-the-counter items. Please see ***Prescription Drug***.
- Routine newborn exams while the child is in the hospital after birth. Please see ***Newborn Care***.
- Routine or other dental care
- Routine vision and hearing exams
- Gym fees or exercise classes or programs

- Physical exams for basic life or disability insurance
- Work-related disability or medical disability exams
- Purchase of hospital-grade breast pumps.

Electronic Visits

This benefit will cover electronic visits (e-visits) from in-network providers when all the requirements below are met. This benefit is only provided when three things are true:

- Premera Blue Cross has approved the physician for e-visits. Not all physicians have agreed to or have the software capabilities to provide e-visits.
- The member has previously been treated in the approved physician's office and has established a patient-physician relationship with that physician.
- The e-visit is medically necessary for a covered illness or injury.

An e-visit is a structured, secure online consultation between the approved physician and the member. Each approved physician will determine which conditions and circumstances are appropriate for e-visits in their practice.

Please call Customer Service at the number shown on the back cover of this booklet for help in finding a physician approved to provide e-visits.

The *Professional Visits And Services* benefit doesn't cover:

- Hair analysis or non-prescription drugs or medicines, such as herbal, naturopathic or homeopathic medicines or devices
- EEG biofeedback or neurofeedback services

Psychological and Neuropsychological Testing

Covered services are psychological and neuropsychological testing, including interpretation and report preparation, necessary to prescribe an appropriate treatment plan. This includes later re-testing to make sure the treatment is achieving the desired medical results. Physical, speech or occupational therapy assessments and evaluations for rehabilitation are provided under the ***Rehabilitation Therapy*** benefit.

See the ***Neurodevelopmental Therapy*** benefit for physical, speech or occupational therapy assessments and evaluations related to neurodevelopmental disabilities.

Rehabilitation Therapy

This plan covers rehabilitation therapy. Benefits must be provided by a licensed physical therapist, occupational therapist, speech language pathologist or a licensed qualified provider.

Rehabilitation therapy is therapy that helps get a part of the body back to normal health or function. It includes therapy to 1) restore or improve a function that was lost because of an accidental injury, illness or surgery; or 2) to treat disorders caused by a physical congenital anomaly.

Services provided for treatment of a mental health condition are provided under the ***Mental Health Care*** benefit.

Services for pulmonary rehabilitation and cardiac rehabilitation are provided under the ***Professional Visits And***

Services benefit.

Limits listed in the ***Summary Of Your Costs*** do not apply to rehabilitation related to treatment of cancer, such as for breast cancer rehabilitation therapy.

Inpatient Care

Inpatient rehabilitation care is covered when medically necessary and provided in a specialized inpatient rehabilitation center, which may be part of a hospital. If you are already an inpatient, this benefit will start when your care becomes mainly rehabilitative and you are transferred to an inpatient rehabilitation center. This benefit only covers care you receive within 24 months from the onset of the injury or illness or from the date of the surgery that made rehabilitation necessary.

You must get pre-approval from us before you get treatment in an inpatient rehabilitation center. See ***Pre-Approval*** for details.

Outpatient Care

This benefit covers the following types of medically necessary outpatient therapy:

- Physical, speech, hearing and occupational therapies. Physical, speech, and occupational assessments and evaluations related to rehabilitation are also covered.

  Premera Blue Cross reviews proposed outpatient physical, occupational, and massage therapy for medical necessity before you receive the care. The Transplants benefit is not subject to a separate benefit maximum other than the maximum for transport and

lodging described below. This benefit covers medical services only if provided by in-network providers or "Approved Transplant Centers." Please see the transplant benefit requirements later in this benefit for more information about approved transplant centers.

Covered Transplants

Organ transplants and bone marrow/stem cell reinfusion procedures must not be considered experimental or investigational for the treatment of your condition. (Please see the ***Definitions*** section in this booklet for the definition of "experimental/investigational services.") We reserve the right to base coverage on all of the following:

- Organ transplants and bone marrow/stem cell reinfusion procedures must meet our criteria for coverage. We review the medical indications for the transplant, documented effectiveness of the procedure to treat the condition, and failure of medical alternatives.

  The types of organ transplants and bone marrow/stem cell reinfusion procedures that currently meet our criteria for coverage are:

  - Heart
  - Heart/double lung
  - Single lung
  - Double lung
  - Liver
  - Kidney
  - Pancreas
  - Pancreas with kidney
  - Bone marrow (autologous and allogeneic)
  - Stem cell (autologous and allogeneic)

  Please Note: For the purposes of this plan, the term "transplant" doesn't include cornea transplantation, skin grafts or the transplant of blood or blood derivatives (except for bone marrow or stem cells). These procedures are covered on the same basis as any other covered surgical procedure (please see the ***Surgery*** benefit).
- Your medical condition must meet our written standards.
- The transplant or reinfusion must be furnished in an approved transplant center. (An "approved transplant center" is a hospital or other provider that's developed expertise in performing organ transplants, or bone marrow or stem cell reinfusion, and meets the approval standards we use.) We have agreements with approved transplant centers in Washington and Alaska, and we have access to a special network of approved transplant centers around the country. Whenever medically possible, we'll direct you to an approved transplant center that we've contracted with for transplant services.

  Of course, if none of our centers or the approved transplant centers can provide the type of transplant you need, this benefit will cover a transplant center that meets the written approval standards we follow.

Recipient Costs

This benefit covers transplant and reinfusion-related expenses, including the preparation regiment for a bone marrow or stem cell reinfusion. Also covered are anti-rejection drugs administered by the transplant center during the inpatient or outpatient stay in which the transplant was performed.

Donor Costs

Covered donor services include selection, removal (harvesting) and evaluation of the donor organ, bone marrow or stem cell; transportation of donor organ, bone marrow and stem cells, including the surgical and harvesting teams; donor acquisition costs such as testing and typing expenses; and storage costs for bone marrow and stem cells for a period of up to 12 months.

Travel And Lodging

If you are getting a transplant, this benefit covers costs for your travel and lodging. You must live more than 50 miles from the approved transplant center, unless medically necessary treatment protocols require you to stay closer to the transplant center. The plan covers travel and lodging up to the limits set by the IRS for the date you had the expense.

- **Travel:** Travel is covered only between your home and the approved transplant center. Round trip costs for air, train or bus travel (coach class only) are covered. If you travel by car, the plan covers mileage, parking and toll

costs.

- **Lodging:** Hotel or motel stays or other lodging away from home.
- **Companions:** Travel and lodging for 1 companion is covered if the companion has to come with the member due to medical necessity or safety. For a child under age 19, the plan will cover one companion automatically. Costs for a second companion are only covered when medically necessary.
- **Limits:** The plan covers travel and lodging costs up to the IRS limits in place on the date you had the expense. The per day limits and requirements can change if IRS regulations change. Please go to the IRS website, **www.irs.gov**, for details. This summary is not and should not be assumed to be tax advice.

WHAT DO I DO IF I'M OUTSIDE WASHINGTON AND ALASKA?

OUT-OF-AREA CARE

As a member of the Blue Cross Blue Shield Association (“BCBSA”), Premera Blue Cross has arrangements with other Blue Cross and Blue Shield Licensees (“Host Blues”) for care outside our service area. These arrangements are called “Inter-Plan Arrangements.” Our Inter-Plan Arrangements help you get covered services from providers within the geographic area of a Host Blue.

The BlueCard® Program is the Inter-Plan Arrangement that applies to most claims from Host Blues' in-network providers. The Host Blue is responsible for its in-network providers and handles all interactions with them. Other Inter-Plan Arrangements apply to providers that are not in the Host Blues' networks (non-contracted providers). This Out-Of-Area Care section explains how the plan pays both types of providers.

Your getting services through these Inter-Plan Arrangements does not change what the plan covers, benefit levels, or any stated eligibility requirements. Please call us if your care needs pre-approval.

We process claims for the ***Prescription Drug*** benefit directly, not through an Inter-Plan Arrangement.

BlueCard Program

Except for copays, we will base the amount you must pay for claims from Host Blues' in-network providers on the lower of:

- The provider’s billed charges for your covered services; or
- The allowed amount that the Host Blue made available to us.

Often, the allowed amount is a discount that reflects an actual price that the Host Blue pays to the provider. Sometimes it is an estimated price that takes into account a special arrangement with a single provider or a group of providers. In other cases, it may be an average price, based on a discount that results in expected average savings for services from similar types of providers.

Host Blues may use a number of factors to set estimated or average prices. These may include settlements, incentive payments, and other credits or charges. Host Blues may also need to adjust their prices to correct their estimates of past prices. However, we will not apply any further adjustments to the price of a claim that has already been paid.

Clark County Providers Services in Clark County, Washington are processed through the BlueCard Program. Some providers in Clark County do have contracts with us. These providers will submit claims directly to us, and benefits will be based on our allowed amount for the covered service or supply.

Value-Based Programs You might have a provider that participates in a Host Blue's value-based program (VBP). Value-based programs focus on meeting standards for treatment outcomes, cost and quality, and for coordinating care when you are seeing more than one provider. The Host Blue may pay VBP providers for meeting the above standards. If the Host Blue includes charges for these payments in the allowed amount for a claim, you would pay a part of these charges if a deductible or coinsurance applies to the claim. If the VBP pays the provider for coordinating your care with other providers, you will not be billed for it.

Taxes, Surcharges and Fees

A law or regulation may require a surcharge, tax or other fee be added to the price of a covered service. If that happens, we will add that surcharge, tax or fee to the allowed amount for the claim.

Non-Contracted Providers

It could happen that you receive covered services from providers outside our service area that do not have a contract with the Host Blue. In most cases, we will base the amount you pay for such services on either our allowed amount for these providers or the pricing requirements under applicable law. Please see ***Allowed Amount*** in this booklet for details on allowed amounts.

In these situations, you may owe the difference between the amount that the non-contracted provider bills and the payment the plan makes for the covered services as set forth above.

Blue Cross Blue Shield Global® Core

If you are outside the United States, Puerto Rico, and the U.S. Virgin Islands (the “BlueCard service area”), you may be able to take advantage of Blue Cross Blue Shield Global Core. Blue Cross Blue Shield Global Core is unlike the BlueCard Program in the BlueCard service area in some ways. For instance, although Blue Cross Blue

Shield Global Core helps you access a provider network, you will most likely have to pay the provider and send us the claim yourself in order for the plan to reimburse you. See ***How Do I File A Claim?*** for more information. However, if you need hospital inpatient care, the service center can often direct you to hospitals that will not require you to pay in full at the time of service. In such cases, these hospitals also send in the claim for you.

If you need to find a doctor or hospital outside the BlueCard service area, need help submitting claims or have other questions, please call the service center at 1-800-810-BLUE (2583). The center is open 24 hours a day, seven days a week. You can also call collect at 1-804-673-1177.

More Questions

If you have questions or need to find out more about the BlueCard Program, please call our Customer Service Department. To find a provider, go to **www.premera.com** or call 1-800-810-BLUE (2583). You can also get Blue Cross Blue Shield Global Core information by calling the toll-free phone number.

CARE MANAGEMENT

Care Management services work to help ensure that you receive appropriate and cost-effective medical care. Your role in the Care Management process is simple, but important, as explained below.

You must be eligible on the dates of service and services must be medically necessary. We encourage you to call Customer Service to verify that you meet the required criteria for claims payment.

PRE-APPROVAL (PRIOR AUTHORIZATION)

Some services need to be pre-approved for medical necessity under this plan. The following services need pre-approval:

- Planned admissions to certain facilities
- Some home medical equipment
- Certain medical services
- Certain drugs. Pre-Approval for drugs is explained in the ***Prescription Drug*** benefit
- When you want to receive in-network benefits for services from an out-of-network provider. See ***Pre-Approval For Out-Of-Network Providers*** below.

How To Get Pre-Approval

There is a list of medical services that need to be pre-approved. The list is on our Web site at **www.premera.com**. Before you receive services, we suggest that you review this list. You are the one who must ask for pre-approval for the items on the list when a non-contracted provider is providing them.

- You can call Customer Service to ask for pre-approval. In-network providers will call for you.
- You will need some details from your provider for the call, such as the procedure code for a medical service.
- You may need to send medical records

Even if your doctor is asking for the pre-approval, it is a good idea to call us to make sure the request was approved.

We will respond to a request for a pre-approval within 5 calendar days. However, if we need more information, we will let you know within that time. We will allow 5 calendar days to get us the needed information. We will then tell you our decision within 4 calendar days after we receive it.

You may ask for an urgent review of services. Once we get all the information, we will let you or your provider know within 48 hours. The decision will be sent in writing.

The pre-approval will be good for 30 days. This is subject to your continued coverage under this plan. If you do not get the services within that time, you will have to get pre-approval again.

Pre-Approval Penalty

In-network providers and other providers contracted with us will get pre-approval for you. There is no penalty to you if the provider does not do this.

Non-contracted providers will not get a pre-approval for you. You need to ask the plan for the pre-approval. **If you do not, and the plan covers the service, you will have to pay a penalty. The amount is 50% of the allowed amount. However, you will not have to pay more than $1,500 per occurrence.** You also have to pay your cost-share.

The penalty does not count toward your deductible, if any, or out-of-pocket maximum.

Exceptions

The following services do not need pre-approval, but they do have requirements:

- Emergency hospital admissions, including drug or alcohol detox. If this happens, you must let us know as soon as reasonably possible.
- Childbirth or a newborn needing medical care at birth that requires admission to a hospital. If this happens, you must let us know as soon as reasonably possible.
- You may have a second plan that also asks you to get pre-approval for the same service. In that case, this plan will not require pre-approval for that service when two things are true:
  - Your other plan is primary to this plan. See ***Coordinating Benefits With Other Health Care Plans*** to find out how to tell which plan is primary.
  - You complied with the other plan's pre-approval process.

Generally this plan covers services from out-of-network providers at a lower benefit level. If there is not an in-network provider that can provide the service needed, you can ask for pre-approval to see an out-of-network provider and receive the in-network benefit level. See ***Pre-Approval For Out-Of-Network Providers*** for more information.

Pre-Approval For Out-Of-Network Providers

This plan provides benefits for non-emergency services from out-of-network providers at a lower benefit level. You may receive benefits for these services at the in-network cost-share if the services are medically necessary and only available from an out-of-network provider. You or your provider may request a pre-approval for the in-network benefit before you see the out-of-network provider.

The pre-approval request must include the following:

- A statement that the out-of-network provider has unique skills or provides unique services that are medically necessary for your care, and that are not reasonably available from an in-network provider
- Any necessary medical records supporting the request.

If the request is approved, you pay the in-network cost-share for covered services. However, the allowed amount is still the amount allowed for out-of-network providers. See ***Important Plan Information***.

If the request is denied but the plan does cover the services, you will have to pay the out-of-network cost-share.

Whether or not your request is approved, you will also have to pay any amounts over the plan's allowed amount for covered services.

CLINICAL REVIEW

Premera Blue Cross has developed or adopted guidelines and medical policies that outline clinical criteria used to make medical necessity determinations. The criteria are reviewed annually and are updated as needed to ensure our determinations are consistent with current medical practice standards and follow national and regional norms. Practicing community doctors are involved in the review and development of our internal criteria. Our medical policies are on our Web site. You or your provider may review them at **www.premera.com**. You or your provider may also request a copy of the criteria used to make a medical necessity decision for a particular condition or procedure. To obtain the information, please send your request to Care Management at the address or fax number shown on the back cover.

Premera Blue Cross reserves the right to deny payment for services that are not medically necessary or that are considered experimental/investigational. A decision by Premera Blue Cross following this review may be appealed in the manner described in ***Complaints And Appeals***.

In general, when there is more than one treatment option, the plan will cover the least costly option that will meet your medical needs. Premera Blue Cross works cooperatively with you and your physician to consider effective alternatives to hospital stays and other high-cost care to make better use of this plan's benefits.

In-Network providers may not bill members for these services and members are held harmless.

Serious Adverse Event means a hospital injury caused by medical management (rather than an underlying disease) that prolonged the hospitalization, and/or produces a disability at the time of discharge.

Never Events means events that should never occur, such as a surgery on the wrong patient, a surgery on the wrong body part or wrong surgery.

Not all medical errors are defined as serious adverse events or never events. You can obtain a list of serious adverse events and never events by contacting us at the number listed on the back of this booklet or on the Centers for Medicare and Medicaid Services (CMS) Web page at **www.cms.hhs.gov**.

However, this exclusion doesn't apply to owners, partners or executive officers who are full-time employees of the Participating Employer if they're exempt from the above laws and if the Participating Employer doesn't furnish them with Workers' Compensation coverage. They'll be covered under this plan for conditions arising solely from their occupations with the Participating Employer. Coverage is subject to the other terms and limitations of this plan.

WHAT IF I HAVE OTHER COVERAGE?

Please Note: If you participate in a Health Savings Account (HSA) and have other health care coverage that is not a high deductible health plan as defined by IRS regulations, the tax deductibility of the Health Savings Account contributions may not be allowed. Contact your tax advisor or HSA plan administrator for more information.

COORDINATING BENEFITS WITH OTHER HEALTH CARE PLANS

When you have more than one health plan, "coordination of benefits (COB)" makes sure that the combined payments of all your plans don't exceed your covered health costs. You or your provider should file your claims with your primary plan first. If you have Medicare, Medicare may submit your claims to your secondary plan. Please see ***COB's Effect On Benefits*** below in this section for details on primary and secondary plans.

If you do not know which is your primary plan, you or your provider should contact any of the health plans to verify which plan is primary. The health plan you contact is responsible for working with the other plan(s) to determine which is primary and will let you know within 30 calendar days.

Caution: All health plans have timely filing requirements. If you or your provider fails to submit your claim to your secondary plan within that plan's claim filing time limit, the plan can deny the claim. If you experience delays in the processing of your claim by the primary plan, you or your provider will need to submit your claim to the secondary plan within its claim filing time limit to prevent a denial of the claim.

To avoid delays in claims processing, if you are covered by more than one plan you should promptly report to your providers any changes in your coverage.

COB Definitions

For the purposes of COB:

- A **plan** is any of the following that provides benefits or services for medical or dental care. If separate contracts are used to provide coordinated coverage for group members, all the contracts are considered parts of the same plan and there is no COB among them. However, if COB rules don't apply to all contracts, or to all benefits in the same contract, the contract or benefit to which COB doesn't apply is treated as a separate plan.
  - "Plan" means: Group, individual or blanket disability insurance contracts, and group or individual contracts issued by health care service contractors or HMOs, closed panel plans or other forms of group coverage; medical care provided by long-term care plans; and Medicare or any other federal governmental plan, as permitted by law.
  - "Plan" **doesn't mean**: Hospital or other fixed indemnity or fixed payment coverage; accident-only coverage; specified disease or accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; non-medical parts of long-term care plans; automobile coverage required by law to provide medical benefits; Medicare supplement policies; Medicaid or other federal governmental plans, unless permitted by law.
- **This plan** means your plan's health care benefits to which COB applies. A contract may apply one COB process to coordinating certain benefits only with similar benefits and may apply another COB process to

coordinate other benefits. All the benefits of your Premera Blue Cross plan are subject to COB, but your plan coordinates dental benefits separately from medical benefits. Dental benefits are coordinated only with other plans' dental benefits, while medical benefits are coordinated only with other plans' medical benefits.

- **Primary plan** is a plan that provides benefits as if you had no other coverage.
- **Secondary plan** is a plan that is allowed to reduce its benefits in accordance with COB rules. See ***COB's Effect On Benefits*** later in this section for rules on secondary plan benefits.
- **Allowable expense** is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any of your plans. When a plan provides benefits in the form of services, the reasonable cash value of each service is an allowable expense and a benefit paid. An amount that isn't covered by any of your plans isn't an allowable expense.

  The allowable expense for the secondary plan is the amount it allows for the service or supply in the absence of other coverage that is primary. This is true regardless of what method the secondary plan uses to set allowable expenses.

  The exceptions to this rule are when a Medicare, a Medicare Advantage plan, or a Medicare Prescription Drug plan (Part D) is primary to your other coverage. In those cases, the allowable expense set by the Medicare plan will also be the allowable expense amount used by the secondary plan.
- **Custodial parent** is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than half of the calendar year, excluding any temporary visitation.

Primary And Secondary Rules

Certain governmental plans, such as Medicaid, are always secondary by law. Except as required by law, Medicare supplement plans and other plans that don't coordinate benefits at all must pay as if they were primary.

A plan that doesn't have a COB provision that complies with Washington regulations is primary to a complying plan unless the rules of both plans make the complying plan primary. The exception is group coverage that supplements a package of benefits provided by the same group. Such coverage can be excess to the rest of that group's plan. An example is coverage paired with a closed panel plan to provide out-of-network benefits.

The first of the rules below to apply decides which plan is primary. If you have more than one secondary plan, the rules below also decide the order of the secondary plans to each other.

Non-Dependent Or Dependent The plan that doesn't cover you as a dependent is primary to a plan that does. However, if you have Medicare, and federal law makes Medicare secondary to your dependent coverage and primary to the plan that doesn't cover you as a dependent, then the order is reversed.

Dependent Children Unless a court decree states otherwise, the rules below apply:

- **Birthday rule** When the parents are married or living together, whether or not they were ever married, the plan of the parent whose birthday falls earlier in the year is primary. If both parents have the same birthday, the plan that has covered the parent the longest is primary.
- When the parents are divorced, separated or not living together, whether or not they were ever married:
  - If a court decree makes one parent responsible for the child’s health care expenses or coverage, that plan is primary. If the parent who is responsible has no health coverage for the dependent, but that parent's spouse does, that spouse's plan is primary. This rule and the court decree rules below apply to calendar years starting after the plan is given notice of the court decree.
  - If a court decree assigns one parent primary financial responsibility for the child but doesn't mention responsibility for health care expenses, the plan of the parent with financial responsibility is primary.
  - If a court decree makes both parents responsible for the child’s health care expenses or coverage, the birthday rule determines which plan is primary.
  - If a court decree requires joint custody without making one parent responsible for the child's health care expenses or coverage, the birthday rule determines which plan is primary.
  - If there is no court decree allocating responsibility for the child’s expenses or coverage, the rules below apply:
    - The plan covering the custodial parent, first
    - The plan covering the spouse of the custodial parent, second
    - The plan covering the non-custodial parent, third
    - The plan covering the spouse of the non-custodial parent, last

- If a child is covered by individuals other than parents or stepparents, the above rules apply as if those individuals were the parents.

Retired Or Laid-Off Employee The plan that covers you as an active employee (an employee who is neither laid off nor retired) is primary to a plan covering you as a retired or laid-off employee. The same is true if you are covered as both a dependent of an active employee and a dependent of a retired or laid-off employee.

Continuation Coverage If you have coverage under COBRA or other continuation law, that coverage is secondary to coverage that isn't through COBRA or other continuation law.

Please Note: The retiree/layoff and continuation rules don't apply when both plans don't have the rule or when the "non-dependent or dependent" rule can decide which of the plans is primary.

Length Of Coverage The plan that covered you longer is primary to the plan that didn't cover you as long. If we do not have your start date under the other plan, we will use the employee's hire date with the other group instead. We will compare that hire date to the date your coverage started under this plan to find out which plan covered you for the longest time.

If none of the rules above apply, the plans must share the allowable expenses equally.

COB's Effect On Benefits

The primary plan provides its benefits as if you had no other coverage.

A plan may take into account the benefits of another plan **only** when it is secondary to that plan. The secondary plan is allowed to reduce its benefits so that the total benefits provided by all plans during a calendar year are not more than the total allowable expenses incurred in that year. **The secondary plan is never required to pay more than its benefit in the absence of COB plus any savings accrued from prior claims incurred in the same calendar year.**

The secondary plan must credit to its deductible any amounts it would have credited if it had been primary. It must also calculate savings for each claim by subtracting its secondary benefits from the amount it would have provided as primary. It must use these savings to pay any allowable expenses incurred during that calendar year, whether or not they are normally covered.

This plan requires you or your provider to ask for pre-approval from Premera Blue Cross before you get certain services or drugs. Your other plan may also require you to get pre-approval for the same service or drug. In that case, when this plan is secondary to your other plan, you will not have to ask Premera for pre-approval of any service or drug for which you asked for pre-approval from your other plan. This does not mean that this plan will cover the service or drug. The service or drug will be reviewed once we receive your claim.

Certain facts about your other health care coverage are needed to apply the COB rules. We may get the facts we need for COB from, or give them to, other plans, organizations or persons. We don't need to tell or get the consent of anyone to do this. State regulations require each of your other plans and each person claiming benefits under this plan to give us any facts we need for COB. To expedite payment, be sure that you and/or your provider supply the information in a timely manner.

If the primary plan fails to pay within 60 calendar days of receiving all necessary information from you and your provider, you and/or your provider may submit your claim to the secondary plan to make payment as if the secondary plan was primary. In such situations, the secondary plan is required to pay claims within 30 calendar days of receiving your claim and notice that your primary plan has not paid. However, the secondary plan may recover from the primary plan any excess amount paid under the ***Right Of Recovery/Facility Of Payment*** provision in the plan.

Right Of Recovery/Facility Of Payment If your other plan makes payments that this plan should have made, we have the right, at our reasonable discretion, to remit to the other plan the amount we determine is needed to comply with COB. To the extent of such payments, we are fully discharged from liability under this plan. We also have the right to recover any payment over the maximum amount required under COB. We can recover excess payment from anyone to whom or for whom the payment was made or from any other issuers or plans. This plan has the right to appoint a third party to act on its behalf in recovery efforts.

SUBROGATION AND REIMBURSEMENT

If we make claims payment on your behalf for injury or illness for which another party is liable, or for which uninsured/underinsured motorist (UIM) or personal injury protection (PIP) insurance exists, we will be subrogated

to any rights that you may have to recover compensation or damages from that liable party related to the injury or illness, and we would be entitled to be repaid for payments we made on your behalf out of any recovery that you obtain from that liable party after you have been fully compensated for your loss. The liable party is also known as the "third party" because it is a party other than you or us. This party includes a UIM carrier because it stands in the shoes of a third party tort feasor and because we exclude coverage for such benefits.

Definitions The following terms have specific meanings in this contract:

- **Subrogation** means we may collect directly from third parties or from proceeds of your recovery from third parties to the extent we have paid on your behalf for illnesses or injury caused by the third party and you have been fully compensated for your loss.
- **Reimbursement** means that you are obligated under the contract to repay any monies advanced by us from amounts you have received on your claim after you have been fully compensated for your loss.
- **Restitution** means all equitable rights of recovery that we have to the monies advanced under your plan. Because we have paid for your illness or injuries, we are entitled to recover those expenses from any responsible third-party once you have been fully compensated for your loss.

To the fullest extent permitted by law, we are entitled to the proceeds of any settlement or judgment that results in a recovery from a third party, up to the amount of payments we have made on your behalf after you have been fully compensated for your loss. Our right to recover exists regardless of whether it is based on subrogation, reimbursement or restitution. In recovering payments made on your behalf, we may at our election hire our own attorney to prosecute a subrogation claim for recovery of payments we have made on your behalf directly from third-parties, or be represented by your attorney prosecuting a claim on your behalf. Our right to prosecute a subrogation claim against third-parties is not contingent upon whether or not you pursue the party at fault for any recovery. If you recover from a third party and we share in the recovery, we will pay our share of the reasonable legal expenses. Our share is that percentage of the legal expenses reasonable and necessary to secure a recovery against the liable party that the amount we actually recover bears to the total recovery.

Before accepting any settlement on your claim against a third party, you must notify us in writing of any terms or conditions offered in a settlement, and you must notify the third party of our interest in the settlement established by this provision. In the event of a trial or arbitration, you must make a claim against, or otherwise pursue recovery from third-parties payments we have made on your behalf, and give us reasonable notice in advance of the trial or arbitration proceeding. (See ***Notices*** later in this booklet.) You must also cooperate fully with us in recovering amounts paid by us on your behalf. If you retain an attorney or other agent to represent you in the matter, you must require your attorney or agent to reimburse us directly from the settlement or recovery. If you fail to cooperate fully with us in the recovery of the payments we have paid on your behalf, you are responsible for reimbursing us for payments we have made on your behalf.

You agree, if requested, to hold in trust and execute a trust agreement in the full amount of payments we made on your behalf from any recovery you obtain from any third-party until such time as we have reached a final determination or settlement regarding the amount of your recovery that fully compensates you for your loss.

UNINSURED AND UNDERINSURED MOTORIST/PERSONAL INJURY PROTECTION COVERAGE

We have the right to be reimbursed for benefits provided, but only to the extent that benefits are also paid for such services and supplies under the terms of a motor vehicle uninsured motorist and/or underinsured motorist (UIM) policy, personal injury protection (PIP) or similar type of insurance or contract.

WHO IS ELIGIBLE FOR COVERAGE?

This section of your booklet describes who is eligible for coverage. We will use our expertise and judgment to reasonably construe the terms of this booklet as they apply to your eligibility for benefits. This does not prevent you from exercising rights you may have under applicable state or federal law to appeal, have independent review or bring a civil challenge to any eligibility determination.

Please note that you do not have to be a citizen of or live in the United States if you are otherwise eligible for coverage.

SUBSCRIBER ELIGIBILITY

To be covered as a subscriber under this plan, an employee must meet all of the following requirements:

- The employee must be a regular and active employee, owner, partner, or corporate officer of the Participating Employer who is paid on a regular basis through the Participating Employer's payroll system, and reported by the Participating Employer for Social Security purposes. The employee must also regularly work the minimum

hours required by the Participating Employer.

Employees Performing Employment Services In Hawaii

For employers other than political subdivisions, such as state and local governments, and public schools and universities, the State of Hawaii requires that benefits for employees living and working in Hawaii (regardless of where the Participating Employer is located) be administered according to Hawaii law. If the Participating Employer is not a governmental employer as described in this paragraph, employees who reside and perform any employment services for the Participating Employer in Hawaii are not eligible for coverage. When an employee moves to Hawaii and begins performing employment services for the Participating Employer there, he or she will no longer be eligible for coverage.

DEPENDENT ELIGIBILITY

To be a dependent under this plan, the family member must be:

- The lawful spouse of the subscriber, unless legally separated. ("Lawful spouse" means a legal union of two persons that was validly formed in any jurisdiction.)

  However, if the spouse is an owner, partner, or corporate officer of the Participating Employer who meets the requirements in ***Subscriber Eligibility*** earlier in this section, the spouse can only enroll as a subscriber.
- The domestic partner of the subscriber. Domestic partnerships that are not documented in a state domestic partnership registry must meet all requirements as stated in the signed "Affidavit of Domestic Partnership."

  All rights, benefits and obligations afforded to a "spouse" under this plan will also be afforded to an eligible domestic partner. In determining benefits for domestic partners and their children under this plan, the term "establishment of the domestic partnership" shall be used in place of "marriage"; the term "termination of the domestic partnership" shall be used in place of "legal separation" and "divorce."
- An eligible dependent child who is under 26 years of age

  An eligible child is one of the following:
  - A natural offspring of either or both the subscriber or spouse
  - A legally adopted child of either or both the subscriber or spouse
  - A child placed with the subscriber for the purpose of legal adoption in accordance with state law. "Placed" for adoption means assumption and retention by the subscriber of a legal obligation for total or partial support of a child in anticipation of adoption of such child
  - A legally placed ward or foster child of the subscriber or spouse. There must be a court or other order signed by a judge or state agency, which grants guardianship of the child to the subscriber or spouse as of a specific date. When the court order terminates or expires, the child is no longer an eligible child.

WHEN DOES COVERAGE BEGIN?

ENROLLMENT

Enrollment is timely when we receive the completed enrollment application and required subscription charges within 60 days of the date the employee becomes an "eligible employee" as defined in the ***Who Is Eligible For Coverage?*** section. When enrollment is timely, coverage for the employee and enrolled dependents will become effective on the first of the month that coincides with or next follows the **latest** of the applicable dates below.

The Group may require coverage for some classes of employees to start on the actual applicable date below, as stated on its Group Master Application. Please contact the Group for information.

- The employee's date of hire
- The date the employee enters a class of employees to which the Participating Employer offers coverage under this plan
- The next day following the date the probationary period ends, if one is required by the Participating Employer

If we don't receive the enrollment application within 60 days of the date you became eligible, none of the dates above will apply. Please see ***Open Enrollment*** and ***Special Enrollment*** later in this section.

Dependents Acquired Through Marriage After The Subscriber's Effective Date

When we receive the completed enrollment application and any required subscription charges within 60 days after the marriage, coverage will become effective on the first of the month following the date of marriage. If we don't receive the enrollment application within 60 days of marriage, please see the ***Open Enrollment*** provision later in

this section.

Natural Newborn Children Born On Or After The Subscriber's Effective Date

Newborn children are covered automatically for the first 3 weeks from birth when the mother is eligible to receive obstetrical care benefits under this plan. To extend the child's coverage beyond the 3-week period, the subscriber should follow the steps below. If the mother isn't eligible for obstetrical care benefits, but the child qualifies as an eligible dependent, the subscriber should follow the steps below to enroll the child from birth.

- An enrollment application isn't required for natural newborn children when subscription charges being paid already include coverage for dependent children, but we may request additional information if necessary to establish eligibility of the dependent child. Coverage becomes effective for natural newborn children on the date of birth.
- When subscription charges being paid don't already include coverage for dependent children, a completed enrollment application and any required subscription charges must be submitted to us within 60 days following birth. Coverage becomes effective from the date of birth. If we don't receive the enrollment application within 60 days of birth, please see the ***Open Enrollment*** provision later in this section.

Adoptive Children Acquired On Or After The Subscriber's Effective Date

- An enrollment application isn't required for adoptive children placed with the subscriber when subscription charges being paid already include coverage for dependent children, but we may request additional information if necessary to establish eligibility of the dependent child. Coverage becomes effective for adoptive children on the date of placement with the subscriber.
- When subscription charges being paid don't already include coverage for dependent children, a completed enrollment application and any required subscription charges must be submitted to us within 60 days following the date of placement with the subscriber. Coverage becomes effective from the date of placement. If we don't receive the enrollment application within 60 days of the date of placement with the subscriber, please see the ***Open Enrollment*** provision later in this section.

Foster Children

To enroll a new foster child, we must get any payment needed, a filled out enrollment form, and a copy of the child's foster papers. We must get these items no more than 60 days after the date the subscriber became the child's foster parent. When we get these items on time, the plan will cover the child as of the date the subscriber became the child's foster parent. If we do not get the items on time, the child must wait for the Group's next open enrollment period to be enrolled.

Children Acquired Through Legal Guardianship

When we receive the completed enrollment application, any required subscription charges, and a copy of the guardianship papers within 60 days of the date legal guardianship began with the subscriber, coverage for an otherwise eligible child will begin on the date legal guardianship began. If we don't receive the enrollment application within 60 days of the date legal guardianship began, please see the ***Open Enrollment*** provision later in this section.

Children Covered Under Medical Child Support Orders

When we receive the completed enrollment application within 60 days of the date of the medical child support order, coverage for an otherwise eligible child that is required under the order will become effective on the date of the order. Otherwise, coverage will become effective on the first of the month following the date we receive the application for coverage. The enrollment application may be submitted by the subscriber, the child's custodial parent, a state agency administering Medicaid or the state child support enforcement agency. Please contact your Participating Employer for detailed procedures.

Please Note: This plan's calendar year deductible and out-of-pocket maximum amounts are higher when a family enrolls than when a subscriber enrolls alone. This means that if a subscriber who had no dependents covered later adds dependents to the plan, the calendar year deductible and out-of-pocket maximum amounts would go up.

However, in any calendar year, no one would have to pay more cost-shares than the individual out-of-pocket maximum shown in the ***Summary Of Your Costs***.

SPECIAL ENROLLMENT

The plan allows employees and dependents to enroll outside the plan's annual open enrollment period, if any, only in the cases listed below. In order to be enrolled, the applicant may be required to give us proof of special

enrollment rights. If a completed enrollment application is not received within the time limits stated below, further chances to enroll, if any, depend on the normal rules of the plan that govern late enrollment.

Involuntary Loss of Other Coverage

If an employee and/or dependent doesn't enroll in this plan or another plan sponsored by the Group when first eligible because they aren't required to do so, that employee and/or dependent may later enroll in this plan outside of the annual open enrollment period if each of the following requirements is met:

- The employee and/or dependent was covered under group health coverage or a health insurance plan at the time coverage under the Group's plan is offered
- The employee and/or dependent's coverage under the other group health coverage or health insurance plan ended as a result of one of the following:
  - Loss of eligibility for coverage for reasons including, but not limited to legal separation, divorce, death, termination of employment or the reduction in the number of hours of employment
  - Termination of employer contributions toward such coverage
  - The employee and/or dependent was covered under COBRA at the time coverage under this plan was previously offered and COBRA coverage has been exhausted

An eligible employee who qualifies as stated above may also enroll all eligible dependents. When only an eligible dependent qualifies for special enrollment, but the eligible employee isn't enrolled in any of the Group's plans or is enrolled in a different plan sponsored by the Group, the employee is also allowed to enroll in this plan in order for the dependent to enroll.

We must receive the completed enrollment application and any required subscription charges from the Group within 60 days of the date such other coverage ended. When the 60-day time limit is met, coverage will start on the first of the month that next follows the last day of the other coverage.

Subscriber And Dependent Special Enrollment

An eligible employee and otherwise eligible dependents who previously elected not to enroll in any of the employer's group health plans when such coverage was previously offered, may enroll in this plan at the same time a newly acquired dependent is enrolled under ***Enrollment*** in the case of marriage, birth or adoption. The eligible employee may also choose to enroll alone, enroll with some or all eligible dependents or change plans, if applicable.

State Medical Assistance and Children's Health Insurance Program

Employees and dependents who are eligible as described in ***Who Is Eligible For Coverage?*** have special enrollment rights under this plan if one of the statements below is true:

- The person is eligible for state medical assistance, and the Washington State Department of Social and Health Services (DSHS) determines that it is cost-effective to enroll the person in this plan.
- The person qualifies for premium assistance under the state's medical assistance program or Children's Health Insurance Program (CHIP).
- The person no longer qualifies for health coverage under the state's medical assistance program or CHIP.

To be covered, the eligible employee or dependent must apply and any required subscription charges must be paid no more than 60 days from the date the applicable statement above is true. An eligible employee who elected not to enroll in this plan when such coverage was previously offered, must enroll in this plan in order for any otherwise eligible dependents to be enrolled in accordance with this provision. Coverage for the employee will start on the date the dependent's coverage starts.

OPEN ENROLLMENT

If you're not enrolled when you first become eligible, or as allowed under ***Special Enrollment*** above, you can't be enrolled until the Group's next open enrollment period. An open enrollment period occurs once a year unless otherwise agreed upon between the Group and us. During this period, eligible employees and their dependents can enroll for coverage under this plan.

If the Participating Employer offers multiple health care plans and you're enrolled under one of the Participating Employer's other health care plans, enrollment for coverage under this plan can only be made during the Participating Employer's open enrollment period.

CHANGES IN COVERAGE

No rights are vested under this plan. Changes to this plan will apply as of the date the change becomes effective to all members and to eligible employees and dependents who become covered under this plan after the date the change becomes effective.

The exception is inpatient confinements described in ***Extended Benefits***; please see the ***How Do I Continue Coverage?*** section. Changes to this plan won't apply to inpatient stays that are covered under that provision.

PLAN TRANSFERS

Subscribers (with their enrolled dependents) may be allowed to transfer to this plan from another plan offered by the Participating Employer. Transfers also occur if the Group or Participating Employer replaces another plan with this plan. All transfers from another plan offered by the same Participating Employer must occur during open enrollment or on another date agreed upon by us and the Group.

When we update the contract for this plan, or you transfer from the Participating Employer's other plan, and there's no lapse in your coverage, the following provisions that apply to this plan will be reduced to the extent they were satisfied under the prior plan.

- Out-of-pocket maximum
- Calendar year deductible. Please note: We will credit expenses applied to your prior plan's calendar year deductible **only** when they were incurred in the current calendar year. Expenses incurred during October through December of the prior year are not credited toward this plan's calendar year deductible for the current year.

When you transfer from another Premera Blue Cross plan offered by the Group, and there's no lapse in your coverage, the benefit maximums of this plan will be reduced to the extent they were satisfied under the prior plan:

WHEN WILL MY COVERAGE END?

EVENTS THAT END COVERAGE

Coverage will end without notice, except as specified under ***Extended Benefits***, on the last day of the month in which one of these events occurs:

- For the subscriber and dependents when:
  - The Group contract is terminated
  - The next monthly subscription charge isn't paid when due or within the grace period
  - The subscriber dies or is otherwise no longer eligible as a subscriber
  - The Participating Employer's membership in the association ceases
  - In the case of a collectively bargained plan, the employer fails to meet the terms of an applicable collective bargaining agreement or to employ employees covered by a collective bargaining agreement
- For a spouse when his or her marriage to the subscriber is annulled, or when he or she becomes legally separated or divorced from the subscriber
- For a child when he or she cannot meet the requirements for dependent coverage shown under the ***Who Is Eligible For Coverage?*** section.

CONTRACT TERMINATION

No rights are vested under this plan. Termination of the Group Contract for this plan completely ends all members' coverage and all our obligations, except as provided under ***Extended Benefits***; please see the ***How Do I Continue Coverage?*** section below.

This plan is guaranteed renewable. However, this plan will automatically terminate if subscription charges aren't paid when due; coverage will end on the last day for which payment was made. This plan may also terminate as indicated below.

The Group may terminate the Group Contract:

- Effective on any subscription charge due date, upon 30 days' advance written notice
- By rejecting in writing the contract changes we make after the initial term. The written rejection must reach us at least 15 days before the changes are to start. The Group Contract will end on the last date for which subscription charges were paid.

We may terminate the Group Contract, **upon 30 days advance written notice to the Group if:**

- The Group has performed an act or practice that constitutes fraud or made an intentional misrepresentation of material fact under the terms of the coverage
- The Group fails to meet the minimum participation or contribution requirements stated in its signed application
- The Group no longer has any members who reside or work in Washington
- Published policies, approved by the Office of the Insurance Commissioner, have been violated
- There is a material breach of the Group Contract, other than non-payment
- Changes in or implementation of federal state laws that no longer permit the continued offering of the Group Contract
- We discontinue this Group Contract, as allowed by law.
- We are otherwise permitted to do so by law

For the timeliness of the delivery of our notice, please see ***Notices*** in ***Other Information About This Plan***.

HOW DO I CONTINUE COVERAGE?

CONTINUED ELIGIBILITY FOR A DISABLED CHILD

Coverage may continue beyond the limiting age (shown under ***Dependent Eligibility***) for a dependent child who can't support himself or herself because of a developmental or physical disability. The child will continue to be eligible if all the following are met:

- The child became disabled before reaching the limiting age
- The child is incapable of self-sustaining employment by reason of developmental disability or physical handicap and is chiefly dependent upon the subscriber for support and maintenance
- The subscriber is covered under this plan
- The child's subscription charges, if any, continue to be paid
- Within 31 days of the child reaching the limiting age, the subscriber furnishes us with a Request for Certification of Handicapped Dependent form. We must approve the request for certification for coverage to continue.
- The subscriber provides us with proof of the child's disability and dependent status when we request it. We won't ask for proof more often than once a year after the 2-year period following the child's attainment of the limiting age.

LEAVE OF ABSENCE

Family and Medical Leave Act

This section applies only to groups that must comply with the Federal Family and Medical Leave Act (FMLA). Under FMLA, employers must let an employee and dependents stay on the plan during a leave of absence that meets the requirements of FMLA. Employees have this right if:

- **FMLA applies to the employer.** In general, employers must comply with FMLA if they have 50 or more employees. FMLA applies to public agencies and private elementary and secondary schools of any size.
- **The employee meets FMLA requirements.** Employees can keep coverage during an FMLA leave only if they have worked for the employer for 12 months or more and have worked at least 1,250 hours during the last 12 months before the leave is to start.
- **The employer approves the leave.**
- **The leave of absence qualifies under FMLA.** These leaves are called "FMLA Leaves" in this booklet. The leave can be unpaid, but the employer must protect the employee's job during the FMLA leave.
  - FMLA requires covered employers to provide employees up to 12 weeks of leave during a 12-month period for any of the reasons below:
    - For incapacity due to pregnancy, medical care during pregnancy or childbirth.
    - To care for a child after birth or placement for adoption or foster care.
    - To care for a spouse, child or parent who has a serious health condition.
    - For a health condition so serious that the employee cannot do his or her job.
    - In some situations that come up because the employee's spouse, child or parent is on or is called to active duty in the armed forces overseas.
- FMLA also lets employees take up to 26 weeks of leave during a 12-month period to care for a spouse, child,

parent or next of kin who is a covered member of the armed forces and who has a serious injury or illness. "Covered member of the armed forces" also means a veteran who was discharged from the armed forces (other than a dishonorable discharge) at any time during the 5 years before the FMLA leave starts.

Note: The law does not consider a domestic partner to be a spouse.

The subscriber must pay his or her normal share of the subscription charges during the leave.

The subscriber and some or all covered family members can choose not to stay on the plan during the FMLA leave. In that case, they can be enrolled again when the subscriber returns to work at the end of the FMLA leave. Coverage will start on the date the subscriber returns to work.

If the subscriber does not return to work at the end of the FMLA leave, the subscriber and covered family members will have a right to elect COBRA coverage. The FMLA leave period does not count as part of the COBRA period.

Eligible subscribers must give the Group 30 days advance notice when they know ahead of time that they need to take a leave of absence.

This is only a summary of what FMLA requires. Please contact the Group to learn more about FMLA leaves. If the FMLA requirements change, this plan will comply with the changes.

The Group must keep Premera Blue Cross advised about the eligibility for coverage of any employee who may have a right to benefits under FMLA.

Other Leaves of Absence

Coverage for a subscriber and enrolled dependents may be continued for up to 90 days, or as otherwise required by state or other federal laws, when the employer grants the subscriber a leave of absence and subscription charges continue to be paid. The requirements and the length of leave may vary. Please contact the Group for details.

The leave of absence period counts toward the maximum COBRA continuation period, except as prohibited by the Family and Medical Leave Act of 1993.

LABOR DISPUTE

A subscriber may pay subscription charges through the Participating Employer to keep coverage in effect for up to 6 months in the event of suspension of compensation due to a lockout, strike, or other labor dispute.

The 6-month labor dispute period counts toward the maximum COBRA continuation period.

COBRA

When group coverage is lost because of a "qualifying event" shown below, federal laws and regulations known as "COBRA" require the Group to offer qualified members an election to continue their group coverage for a limited time. Under COBRA, a qualified member must apply for COBRA coverage within a certain time period and may also have to pay the subscription charges for it. Construction Industry Health Trust and Premera Blue Cross have agreed that COBRA coverage will be a part of this plan for all Participating Employers.

At the Group's request, we'll provide qualified members with COBRA coverage under this plan when COBRA's enrollment and payment requirements are met. But, coverage is provided only to the extent that COBRA requires and is subject to the other terms and limitations of this plan. Members' rights to this coverage may be affected by the Group's failure to abide by the terms of its contract with us or the Participating Employer's failure to perform COBRA-related duties. The Participating Employer, **not us**, is responsible for all notifications and other duties assigned by COBRA to the "plan administrator" within COBRA's time limits.

The following summary of COBRA coverage is taken from COBRA. Members' rights to this coverage and obligations under COBRA automatically change with further amendments of COBRA by Congress or interpretations of COBRA by the courts and federal regulatory agencies.

Qualifying Events and Length of Coverage

Please contact the Participating Employer immediately when one of the qualifying events highlighted below occurs. The continuation periods listed extend from the date of the qualifying event.

Covered domestic partners and their children have the same rights to COBRA coverage as covered spouses and their children.

- The Participating Employer must offer the subscriber and covered dependents an election to continue coverage

for up to 18 consecutive months if their coverage is lost because of 1 of 2 qualifying events:

- **The subscriber's work hours are reduced.**
- **The subscriber's employment terminates, except for discharge due to actions defined by the Participating Employer as gross misconduct.**

However, if one of the events listed above follows the covered employee's entitlement to Medicare by less than 18 months, the Participating Employer must offer the covered spouse and children an election to continue coverage for up to 36 months starting from the date of the Medicare entitlement.

- COBRA coverage can be extended if a member who lost coverage due to a reduction in hours or termination of employment is determined to be disabled under Title II (OASDI) or Title XVI (SSI) of the Social Security Act at any time during the first 60 days of COBRA coverage. In such cases, all family members who elected COBRA may continue coverage for up to a total of 29 consecutive months from the date of the reduction in hours or termination.
- The Participating Employer must offer the covered spouse or children an election to continue coverage for up to 36 consecutive months if their coverage is lost because of 1 of 4 qualifying events:
  - **The subscriber dies.**
  - **The subscriber and spouse legally separate or divorce.**
  - **The subscriber becomes entitled to Medicare.**
  - **A child loses eligibility for dependent coverage.**

    In addition, the occurrence of one of these events during the 18-month period described above can extend that period for a continuing dependent. This happens only if the event would have caused a similar dependent who was not on COBRA coverage to lose coverage under this plan. The extended period will end no later than 36 months from the date of the first qualifying event.

Conditions Of COBRA Coverage

For COBRA coverage to become effective, all of the requirements below must be met:

You Must Give Notice Of Some Qualifying Events

The plan will offer COBRA coverage only after the Participating Employer receives timely notice that a qualifying event has occurred.

The subscriber or affected dependent must notify the Participating Employer in the event of a divorce, legal separation, child's loss of eligibility as a dependent, or any second qualifying event which occurs within the 18-month period as described in ***Qualifying Events And Lengths Of Coverage.*** The subscriber or affected dependent must also notify the Participating Employer if the Social Security Administration determines that the subscriber or dependent was disabled on any of the first 60 days of COBRA coverage. You also have the right to appoint someone to give the Participating Employer this notice for you.

If the required notice is not given or is late, the qualified member loses the right to COBRA coverage. Except as described below for disability notices, the subscriber or affected dependent has 60 days in which to give notice to the Participating Employer. The notice period starts on the date shown below.

- For determinations of disability, the notice period starts on the **later** of: 1) the date of the subscriber's termination or reduction in hours; 2) the date the qualified member would lose coverage as the result of one of these events; or 3) date of the disability determination. **Please note: Determinations that a qualified member is disabled must be given to the Participating Employer before the 18-month continuation period ends. This means that the subscriber or qualified member might not have the full 60 days in which to give the notice.** Please include a copy of the determination with your notice to the Group.

  Note: The subscriber or affected dependent must also notify the Group if a qualified member is deemed by the Social Security Administration to no longer be disabled. See ***When COBRA Coverage Ends.***
- For the other events above, the 60-day notice period starts on the **later** of: 1) the date of the qualifying event, or 2) the date the qualified member would lose coverage as a result of the event.

Important Note: The Participating Employer must tell you where to direct your notice and any other procedures that you must follow. If the Participating Employer informs you of its notice procedures after the notice period start date above for your qualifying event, the notice period will not start until the date you're informed by the Participating Employer.

The Participating Employer must notify qualified members of their rights under COBRA. If the Group or

Participating Employer has named a third party as its plan administrator, the plan administrator is responsible to notify members on behalf of the group. In such cases, the Group has 30 days in which to notify its plan administrator of a subscriber's termination of employment, reduction in hours, death or Medicare entitlement. The plan administrator then has 14 days after it receives notice of a qualifying event from the Participating Employer (or from a qualified member as stated above) in which to notify qualified members of their COBRA rights.

If the Participating Employer itself is the plan administrator, it has more than 14 days in which to give notice for certain qualifying events. The Participating Employer must furnish the notice required because of a subscriber's termination of employment, reduction in hours, death or Medicare entitlement no later than 44 days after the **later** of 1) the date of the qualifying event, or 2) the date coverage would end in the absence of COBRA. For all other qualifying events, the 14-day notice time limit applies.

You Must Enroll And Pay On Time

- You must elect COBRA coverage no more than 60 days the **later** of 1) the date coverage was to end because of the qualifying event, or 2) the date you were notified of your right to elect COBRA coverage. You may be eligible for a second COBRA election period if you qualify under section 201 of the Federal Trade Act of 2002. Please contact the Participating Employer or your bargaining representative for more information if you believe this may apply to you.

  Each qualified member will have an independent right to elect COBRA coverage. Subscribers may elect COBRA coverage on behalf of their spouses, and parents may elect COBRA coverage on behalf of their children.

  If you're not notified of your right to elect COBRA coverage within the time limits above, you must elect COBRA coverage no more than 60 days after the date coverage was to end because of the qualifying event in order for COBRA coverage to become effective under this plan. If you're not notified of your right to elect COBRA coverage within the time limit, and you don't elect COBRA coverage within 60 days after the date coverage ends, we won't be obligated to provide COBRA benefits under this plan. The Participating Employer will assume full financial responsibility for payment of any COBRA benefits to which you may be entitled.
- You must send your first subscription charge payment to the Participating Employer no more than 45 days after the date you elected COBRA coverage.
- Subsequent subscription charges must be paid to the Participating Employer and submitted to us with the Group's regular monthly billings.

Adding Family Members

Eligible family members may be added after the continuation period begins, but only as allowed under ***Special Enrollment*** or ***Open Enrollment*** in the ***When Does Coverage Begin?*** section. With one exception, family members added after COBRA begins aren't eligible for further coverage if they later have a qualifying event or if they are determined to be disabled as described under ***Qualifying Events And Lengths Of Coverage.*** The exception is that a child born to or placed for adoption with a covered employee while the covered employee is on COBRA has the same COBRA rights as family members on coverage at the time of the original qualifying event. The child will be covered for the duration of the covered employee's initial 18-month COBRA period, unless a second qualifying event occurs which extends the child's coverage. COBRA coverage is subject to all other terms and limitations of this plan.

Keep The Participating Employer Informed Of Address Changes

In order to protect your rights under COBRA, you should keep the Participating Employer informed of any address changes. It is a good idea to keep a copy, for your records, of any notices you send to the Participating Employer.

When COBRA Coverage Ends

COBRA coverage will end on the last day for which subscription charges have been paid in the monthly period in which the first of the following occurs:

- The applicable continuation period expires.
- The next monthly subscription charge isn't paid when due or within the 30-day COBRA grace period.
- When coverage is extended from 18 to 29 months due to disability (see ***Qualifying Events And Lengths Of Coverage*** in this section), COBRA coverage beyond 18 months ends if there's a final determination that a qualified member is no longer disabled under the Social Security Act. However, coverage won't end on the date shown above, but on the last day for which subscription charges have been paid in the first month that begins more than 30 days after the date of the determination. The subscriber or affected dependent must

provide the Participating Employer with a copy of the determination within 30 days after the **later** of: 1) the date of the determination, or 2) the date on which the subscriber or affected dependent was informed that this notice should be provided and given procedures to follow.

- You become covered under another group health care plan after the date you elect COBRA coverage.
- You become entitled to Medicare after the date you elect COBRA coverage.
- The Participating Employer ceases to offer group health care coverage to any employee.

However, even if one of the events above hasn't occurred, COBRA coverage **under this plan** will end on the date that the contract between the Group and us is terminated or the date that coverage under this plan ends for the Participating Employer.

When COBRA coverage under this plan ends, you may be eligible for benefits as described in ***Extended Benefits*** later in this section.

If You Have Questions

Questions about your plan or your rights under COBRA should be addressed to the plan contacts provided by the Participating Employer. For more information about your rights under federal laws affecting group health plans, contact the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA) in your area or visit the EBSA Web site at **www.dol.gov/ebsa**. Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's Web site.

3-MONTH CONTINUATION OF GROUP COVERAGE

You may choose to extend your coverage under this plan for up to 3 months past the date your coverage ended if your group coverage ends for reasons other those stated in ***COBRA*** earlier in this section.

You must send your first subscription charge payment and completed application to the Participating Employer by the due date determined by the Group. The Group will in turn send us your subscription charge payment and completed application form with the first payment it makes on or after the date your coverage ended. Subsequent subscription charge payments must be paid to the Participating Employer, by the date determined by the Group, and forwarded to us by the Group with their regular monthly billings.

Continued coverage under this plan may end before the 3-month period expires. It will end on the last day of the monthly period for which subscription charges have been paid in which the first of the following occurs:

- The next monthly subscription charge isn't paid when due or within the grace period
- The contract between the Group and us is terminated
- The Participating Employer's coverage under this plan is terminated

The 3-month continuation period isn't available once COBRA coverage is exhausted.

EXTENDED BENEFITS

Under the following circumstances, certain benefits of this plan may be extended after your coverage ends for reasons other than as described under ***Intentionally False Or Misleading Statements***. If the contract between the Group and us is terminated while you're receiving the extended benefits below, your right to those benefits won't be affected.

The inpatient benefits of this plan will continue to be available after coverage ends if:

- Your coverage didn't end because of fraud or an intentional misrepresentation of material fact under the terms of the coverage by you or the Participating Employer, or the Group
- You were admitted to a medical facility prior to the date coverage ended
- You remained continuously confined in a medical facility because of the same medical condition for which you were admitted

Please Note: Newborns are eligible for Extended Inpatient benefits only if they are enrolled beyond the 3-week period specified in the *Newborn Care* benefit.

Such continued inpatient coverage will end when the first of the following occurs:

- You're covered under a health plan or contract that provides benefits for your confinement or would provide benefits for your confinement if coverage under this plan did not exist
- You're discharged from that facility or from any other facility to which you were transferred
- Inpatient care is no longer medically necessary

- The maximum benefit for inpatient care in the medical facility has been provided. If the calendar year ends before a calendar year maximum has been reached, the balance is still available for covered inpatient care you receive in the next year. Once it's used up, however, a calendar year maximum benefit will not be renewed.

CONTINUATION UNDER USERRA

The Uniformed Services Employment And Reemployment Rights Act (USERRA) protects the job rights (including enrollment rights on employer-provided health care coverage) of individuals who voluntarily or involuntarily leave employment positions to undertake military service. If you leave your job to perform military service, you have the right to elect to continue existing employer-based health plan coverage for you and your dependents for up to 24 months while in the military. Even if you don't elect to continue coverage during your military service, you have the right to be reinstated in your employer's health plan when you are re-employed, generally without any exclusions except for service-connected illnesses or injuries.

Contact your employer for information on USERRA rights and requirements. You may also contact the U.S. Department of Labor at 1-866-4-USA-DOL or visit its Web site at **www.dol.gov/vets**. An online guide to USERRA can be viewed at **www.dol.gov/elaws/userra.htm**.

CONVERTING TO A NON-GROUP PLAN

You may be entitled to coverage under an Individual plan when your coverage under this plan ends. Individual plans differ from this plan. You pay the monthly payment. You must apply and send the first subscription charge payment within 60 days of the date your coverage ends or you were first notified that your coverage had ended under this plan, whichever is later.

You can apply for an Individual plan if you live in Washington State and you're not eligible for Medicare coverage, and you're not entitled to services or benefits for medical and hospital care under another group plan.

For more information about Individual plans, contact your employer or our Customer Service department.

Please Note: The rates, coverage and eligibility requirements of Individual plans differ from those of your current group plan.

MEDICARE SUPPLEMENT COVERAGE

We also offer Medicare supplement coverage for those who are eligible for and enrolled in Parts A and B of Medicare. Also, you **may** be eligible for guarantee-issued coverage under certain Medicare supplement plans if you apply within 63 days of losing coverage under this plan. For more information, contact your producer or our Customer Service department.

HOW DO I FILE A CLAIM?

Claims Other Than Prescription Drug Claims

Many providers will submit their bills to us directly. However, if you need to submit a claim to us, follow these simple steps:

Step 1

Complete a Subscriber Claim Form. A separate Subscriber Claim Form is necessary for each patient and each provider. You can order extra Subscriber Claim Forms by calling Customer Service.

Step 2

Attach the itemized bill. The itemized bill must contain all of the following information:

- Names of the subscriber and the member who incurred the expense
- Identification numbers for both the subscriber and the Group (these are shown on the subscriber's identification card)
- Name, address and IRS tax identification number of the provider
- Information about other insurance coverage
- Date of onset of the illness or injury
- Diagnosis or diagnosis code from the most current edition of the **International Classification of Diseases** manual.
- Procedure codes from the most current edition of the **Current Procedural Terminology** manual, the **Healthcare Common Procedure Coding** manual, or the **American Dental Association Current Dental**

Terminology manual for each service

- Dates of service and itemized charges for each service rendered
- If the services rendered are for treatment of an injury, the date, time, location and a brief description of the event

Step 3

If you're also covered by Medicare, and Medicare is primary, you must attach a copy of the "Explanation of Medicare Benefits."

Step 4

Check that all required information is complete. Bills received won't be considered to be claims until all necessary information is included.

Step 5

Sign the Subscriber Claim Form in the space provided.

Step 6

Mail your claims to us at the mailing address shown on the back cover of this booklet.

Prescription Drug Claims

To make a claim for covered prescription drugs, please follow these steps:

You'll have to pay the full cost for all new prescriptions and refills.

In-Network Pharmacies

For retail pharmacy purchases, you don't have to send us a claim. Just show your Premera Blue Cross ID card to the pharmacist, who will bill us directly. If you don't show your ID card you'll need to fill out a prescription drug claim form, attach your prescription drug receipts and submit the information to the address shown on the claim form.

Out-Of-Network Pharmacies

You'll need to fill out a prescription drug claim form, attach your prescription drug receipts and submit the information to the address shown on the claim form.

If you need a supply of prescription drug claim forms, contact our Customer Service department at the numbers shown on the back cover of this booklet.

Timely Filing

You should submit all claims within 90 days of the start of service or within 30 days after the service is completed. We must receive claims:

- Within 365 days of discharge for hospital or other medical facility expenses, or within 365 days of the date the expenses were incurred for any other services or supplies
- For members who have Medicare, within 90 days of the process date shown on the Explanation of Medicare Benefits, whichever is greater

The plan won’t provide benefits for claims we receive after the later of these 2 dates except when required by law.

Special Notice About Claims Procedure

We’ll make every effort to process your claims as quickly as possible. We process claims in the order in which we receive them. We’ll tell you if this plan won’t cover all or part of the claim no later than 30 days after we first receive it. This notice will be in writing. We can extend the time limit by up to 15 days if it’s decided that more time is needed due to matters beyond our control. We’ll let you know before the 30-day time limit ends if we need more time. If we need more information from you or your provider in order to decide your claim, we’ll ask for that information in our notice and allow you or your provider at least 45 days to send us the information. In such cases, the time it takes to get the information to us doesn’t count toward the decision deadline. Once we receive the information we need, we have 15 days to give you our decision.

If your claim was denied, in whole or in part, our written notice (see ***Notices***) will include:

- The reasons for the denial and a reference to the provisions of this plan on which it's based

- A description of any additional information we may need to reconsider the claim and why that information is needed
- A statement that you have the right to appeal our decision
- A description of our complaint and appeal processes

If there were clinical reasons for the denial, you'll receive a letter from our medical department stating these reasons. The letter will also include how ongoing care may be covered during the appeal process, as described in ***Complaints And Appeals*** below.

At any time, you have the right to appoint someone to pursue the claim on your behalf. This can be a doctor, lawyer or a friend or relative. You must notify us in writing and give us the name, address and telephone number where your appointee can be reached.

If your Participating Employer is subject to ERISA, ERISA gives you the right to file suit in a state or federal court if a claim for benefits or an appeal is denied or ignored, in whole or in part, or not processed within the time shown in these claims procedures.

COMPLAINTS AND APPEALS

We know healthcare doesn't always work perfectly. Our goal is to listen, take care of you, and make it simple. If it doesn't go the way you expect, you have two options:

- Complaints – You can contact customer service if you have a complaint. We may ask you to send the details in writing. We will send a written response within 30 days.
- Appeals – You can request a review of a specific decisions we have made about your plan benefits.

You can appeal the following adverse benefit determinations (See ***Definitions***)

- A decision to pay for less than the full cost of your claim
- A limit or restriction on otherwise covered benefits
- A decision to deny or partly deny your request for coverage of a benefit
- A decision regarding your eligibility to enroll or stay in the plan

INTERNAL APPEAL

The process begins with internal appeal by Premera. Your plan has two levels of internal appeals. In the first level, people who were not part of the initial decision will review your appeal. Medical review denials will be reviewed by a medical professional. We must receive your internal appeal request within 180 days of the date you were notified of the initial decision.

If you are not satisfied with the decision, you may request a level 2 appeal. You have 60 days from the date of the level 1 decision letter to ask for a level 2 appeal. You can send us new information to consider.

Your level 2 internal appeal will be reviewed by a panel of people who were not involved in the initial decision or in the level 1 appeal. If the initial decision involved medical judgment, a medical professional will be on the panel. You may take part in the level 2 panel meeting in person or by phone.

WHO CAN APPEAL

You can appeal yourself or choose someone, including your doctor, to appeal on your behalf. If you choose someone else, complete an Authorization for Appeals form located on **www.premera.com**.

How To Appeal

You can call Customer Service or you can write to us at the address listed on the back cover of this book. By sending your appeal in writing, you can provide more details about your appeal. This may include chart notes, medical records or a letter from your doctor.

Within 72 hours, we will confirm in writing that we have your request.

If you need help filing an appeal, or would like a copy of the appeals process, please call Customer Service. You can also get a description of the appeals process by visiting our website.

If you would like to review the information used for your appeal, please contact Customer Service. The information will be sent as soon as possible and free of charge.

What Happens When You Have Ongoing Care

Ongoing care is continuous treatment you are currently receiving, such as residential care, care for a chronic condition, inpatient care and rehabilitation.

The plan may decide to change, reduce or end coverage of ongoing care because we've determined the care is no longer medically necessary. If you appeal that decision, the plan will continue to cover your care during the appeal period. This continued coverage during the appeal period is not a reversal of the denial. If the decision is upheld, you must repay all amounts the plan paid for ongoing care during the appeal review.

What Happens When It's Urgent

If your situation is urgent, we will handle your appeal in an expedited (fast) manner. Examples of urgent situations are:

- Delay may put your life or health in serious danger or cause you severe pain that cannot be managed, as determined by medical professionals or your treating physician
- You are requesting coverage for inpatient or emergency care that you are currently receiving

If your situation is urgent, you may ask for an expedited external appeal at the same time you request an expedited internal appeal.

Urgent appeals are only available for services you have not yet received.

What Happens Next

Your appeal is reviewed, and a decision is provided within the time limits below.

Type of appeal	**When to expect notification of a decision**
Urgent appeals	No later than 72 hours. We will call, fax, or email you with the decision, and follow up in writing
Pre-service appeals (a decision made by us before you received services)	Within 14 days
Appeals of experimental and investigative denials	Within 20 days
All other appeals	14-30 days

If the first decision is upheld, or the process above is not followed, you can request an external appeal.

External Appeal

External appeal will be done by an Independent Review Organization (IRO) that is certified by the State of Washington Department of Health to review medical and other important information. There is no cost to you for an external appeal.

- You may write to us directly to request an external appeal.
- We must receive your written request for an external appeal within 180 days of the date you got our internal appeal letter. You must include the signed external appeal form you received from us. You may also include medical records and other information.

We will forward your medical records and other information to the IRO. If you have additional information on your appeal, we will tell you how to send it to the IRO.

What Happens Next

Once the external appeal is done, the IRO will let you and us know their decision within the time limits below:

- For urgent external appeals no later than 72 hours after receiving the request.
- For all other appeals, either within 15 days after the IRO gets all the information they need or 20 days from the date the IRO gets your request, whichever comes first.

Once A Decision Is Made

For urgent appeals, the IRO will inform you and us immediately. We will follow up with a written decision by mail. For all other appeals, we will send you a written decision by mail.

Premera will accept the IRO decision.

If the IRO:

- Reverses our decision, we will apply their decision quickly.
- Stands by our decision, there is no further appeal. However, you may have other steps you can take under state or federal law, such as filing a lawsuit.

If you have questions about a denial of a claim or your appeal rights, you may call Customer Service at the number listed on your Premera ID card. Contact Washington Consumer Assistance Program at any time during this process if you have any concerns or need help filing an appeal.

OTHER INFORMATION ABOUT THIS PLAN

This section tells you about how your Group's contract with us and this plan are administered. It also includes information about federal and state requirements we must follow and other information we must provide to you.

Conformity With The Law

The Group Contract is issued and delivered in the state of Washington and is governed by the laws of the state of Washington, except to the extent pre-empted by federal law. If any provision of the Group Contract or any amendment thereto is deemed to be in conflict with applicable state or federal laws or regulations, upon discovery of such conflict the Group Contract will be administered in conformance with the requirements of such laws and regulations as of their effective date.

Entire Contract

The entire contract between the Group and us consists of all of the following:

- The contract face page and Standard Provisions
- The benefit booklet(s)
- The Group's signed application
- The Funding Arrangement Agreement between the Group and us
- All attachments, endorsements and riders included or issued hereafter

No agent or representative of Premera Blue Cross or any other entity is authorized to make any changes, additions or deletions to the Group Contract or to waive any provision of this plan. Changes, alterations, additions or exclusions can only be done over the signature of an officer of Premera Blue Cross.

Evidence Of Medical Necessity

We have the right to require proof of medical necessity for any services or supplies you receive before we provide benefits under this plan. This proof may be submitted by you or on your behalf by your health care providers. No benefits will be available if the proof isn't provided or acceptable to us.

The Group And You

The Group and the Participating Employer are your representatives for all purposes under this plan and not the representatives of Premera Blue Cross. Any action taken by the Group or Participating Employer will be binding on you.

Healthcare Providers - Independent Contractors

All healthcare providers who provide services and supplies to a member do so as independent contractors. None of the provisions of the contract between Premera and the Group are intended to create, nor shall they be deemed or construed to create, any employment or agency relationship between us and the provider of service other than that of independent contractors.

Intentionally False Or Misleading Statements

If this plan’s benefits are paid in error due to a member's or provider's commission of fraud or providing any intentionally false or misleading statements, we’ll be entitled to recover these amounts. Please see the ***Right Of Recovery*** provision later in this section.

And, if a member commits fraud or makes any intentionally false or misleading statements on any application or enrollment form that affects the member's acceptability for coverage, we may, at our option:

- Deny the member's claim
- Reduce the amount of benefits provided for the member's claim
- Void the member's coverage under this plan (void means to cancel coverage back to its effective date, as if it had never existed at all)

Finally, statements that are fraudulent, intentionally false or misleading on any group form required by us, that affect the acceptability of the Group or the risks to be assumed by us, may cause the Group Contract for this plan to be voided.

Please note: we cannot void your coverage based on a misrepresentation you made unless you have performed an act or practice that constitutes fraud; or made an intentional misrepresentation of material fact that affects your acceptability for coverage.

Member Cooperation

You’re under a duty to cooperate with us in a timely and appropriate manner in our administration of benefits. You’re also under a duty to cooperate with us in the event of a lawsuit.

Notice Of Information Use And Disclosure

We may collect, use, or disclose certain information about you. This protected personal information (PPI) may include health information, or personal data such as your address, telephone number or Social Security number. We may receive this information from, or release it to, health care providers, insurance companies, or other sources.

This information is collected, used or disclosed for conducting routine business operations such as:

- Underwriting and determining your eligibility for benefits and paying claims. (Genetic information is not collected or used for underwriting or enrollment purposes.)
- Coordinating benefits with other health care plans
- Conducting care management or quality reviews
- Fulfilling other legal obligations that are specified under the Group Contract

This information may also be collected, used or disclosed as required or permitted by law

To safeguard your privacy, we take care to ensure that your information remains confidential by having a company confidentiality policy and by requiring all employees to sign it.

If a disclosure of PPI isn't related to a routine business function, we remove anything that could be used to easily identify you or we obtain your prior written authorization.

You have the right to request inspection and /or amendment of records retained by us that contain your PPI. Please contact our Customer Service department and ask a representative to mail a request form to you.

Notice Of Other Coverage

As a condition of receiving benefits under this plan, you must notify us of:

  - Personal injury protection (PIP)

  - Uninsured motorist coverage

- The name of any other group or individual insurance plans that cover you

Notices

Any notice we're required to submit to the Group or subscriber will be considered to be delivered if it's mailed to the Group or subscriber at the most recent address appearing on our records. We'll use the date of postmark in determining the date of our notification. If you or your Group is required to submit notice to us, it will be considered delivered 3 days after the postmark date, or if not postmarked, the date we receive it.

Right Of Recovery

We have the right to recover amounts we paid that exceed the amount for which we're liable. Such amounts may be recovered from the subscriber or any other payee, including a provider. Or, such amounts may be deducted from future benefits of the subscriber or any of his or her dependents (even if the original payment wasn't made on that member's behalf) when the future benefits would otherwise have been paid directly to the subscriber or to a provider that does not have a contract with us.

In addition, if the contract for this plan is rescinded as described in ***Intentionally False Or Misleading Statements***, we have the right to recover the amount of any claims we paid under this plan and any administrative costs we incurred to pay those claims.

Right To And Payment Of Benefits

Benefits of this plan are available only to members. Except as required by law, we won't honor any attempted assignment, garnishment or attachment of any right of this plan. In addition, members may not assign a payee for claims, payments or any other rights of this plan.

At our option only and in accordance with the law, we may pay the benefits of this plan to:

- The subscriber
- A provider

- Another health insurance carrier
- The member
- Another party legally entitled under federal or state medical child support laws
- Jointly to any of the above

Payment to any of the above satisfies our obligation as to payment of benefits.

All suits or legal proceedings brought against us by you or anyone claiming any right under this plan must be filed:

- Within 3 years of the date we denied, in writing, the rights or benefits claimed under this plan, or of the completion date of the independent review process if applicable; and

All suits or legal or arbitration proceedings brought by us will be filed within the appropriate statutory period of limitation, and you agree that venue, at our option, will be in King County, the state of Washington.

Women's Health and Cancer Rights Act of 1998

Your plan, as required by the Women's Health and Cancer Rights Act of 1998 (WHCRA), provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedemas. Please see ***Covered Services***.

Workers' Compensation Insurance

This contract doesn't replace, affect or supplement any state or federal requirement for the Participating Employer to provide workers' compensation insurance, employer's liability insurance or other similar insurance. When an employer is required by law to provide or has the option to provide workers' compensation insurance, employer's liability insurance or other similar insurance and doesn't provide such coverage for its employees, the benefits available under this plan won't be provided for illnesses and/or injuries arising out of the course of employment that are or would be covered by such insurance, unless otherwise excepted under the ***Exclusions*** section in this booklet.

WHAT ARE MY RIGHTS UNDER ERISA?

The Participating Employer may have an employee welfare benefit plan that is subject to the Federal Employee Retirement Income Security Act of 1974 (ERISA). If so, this section of the booklet describes subscriber's rights under ERISA. Please see the Participating Employer to find out if this plan is subject to ERISA.

This employee welfare benefit plan is called the “ERISA Plan” in this section. The insured Premera Blue Cross plan described in this booklet is part of the ERISA Plan. For purposes of ERISA only, this plan is considered a separate plan for each Participating Employer.

When used in this section, the term “ERISA Plan” refers to the Participating Employer's employee welfare benefit plan. The "ERISA Plan administrator" is the Participating Employer or an administrator named by the Group. Premera Blue Cross is **not** the ERISA plan administrator.

As participants in an employee welfare benefit plan, subscribers have certain rights and protections. This section of this plan explains those rights.

ERISA provides that all plan participants shall be entitled to:

- Examine without charge, at the ERISA Plan administrator's office and at other specified locations (such as work sites and union halls), all documents governing the ERISA Plan, including insurance contracts and collective bargaining agreements. (Please note that our contract with the Group by itself does not meet all the requirements for an ERISA plan document.) If the ERISA Plan is required to file an annual report with the U.S. Department of Labor, plan participants shall be entitled to examine a copy of its latest annual report (Form 5500 Series) filed and available at the Public Disclosure Room of the Employee Benefits Security Administration.
- Obtain, upon written request to the ERISA Plan administrator, copies of documents governing the operation of the ERISA Plan, including insurance contracts and collective bargaining agreements and updated summary plan descriptions. (Please note that this booklet by itself does not meet all the requirements for a summary plan description.) If the ERISA Plan is required to file an annual report with the U.S. Department of Labor, plan participants shall be entitled to obtain copies of the latest annual report (Form 5500 Series). The administrator may make a reasonable charge for the copies.

- Receive a summary of the ERISA Plan's annual financial report, if ERISA requires the ERISA Plan to file an annual report. The ERISA Plan administrator for such plans is required by law to furnish each participant with a copy of this summary annual report.
- Continue health care coverage for yourself, spouse or dependents if there's a loss of coverage under the plan as a result of a qualifying event and the Participating Employer is required by law to offer COBRA coverage. You or your dependents may have to pay for such coverage. Review the summary plan description and the documents governing the plan on the rules governing your COBRA continuation coverage rights.

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the ERISA Plan and do not receive them within 30 days, you may file suit in a federal court. In such a case, the court may require the ERISA Plan administrator to provide the materials and pay you up to $110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court. In addition, if you disagree with the ERISA Plan's decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in federal court.

If it should happen that ERISA Plan fiduciaries misuse the ERISA Plan's money, or if you're discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you're successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

Please Note: Under ERISA, the ERISA Plan administrator is responsible for furnishing each participant and beneficiary with a copy of the summary plan description.

If you have any questions about your employee welfare benefit plan, you should contact the ERISA Plan administrator. If you have any questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the ERISA Plan administrator, you should contact either the:

- Office of the Employee Benefits Security Administration, U.S. Department of Labor, 300 Fifth Ave., Suite 1110, Seattle, WA 98104; or
- Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Ave. N.W., Washington, D.C. 20210.

You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration at 1-866-444-3272.

DEFINITIONS

The terms listed throughout this section have specific meanings under this plan. As part of the routine operation of this plan, we use our expertise and judgment to apply the terms of the contracts for making decisions in specific benefits, eligibility and claims situations. For example, we use the medical judgment and expertise of Medical Directors to determine whether claims for benefits meet the definitions below of “Medically Necessary” or “Experimental/Investigational Services.” We also have medical experts who determine whether care is custodial care or skilled care and reasonably interpret the level of care covered for your medical condition. This does not prevent you from exercising rights you may have under applicable state or federal law to appeal, have independent review or bring a civil challenge to any eligibility or claims determinations.

Adverse Benefit Determination

An adverse benefit determination means a decision to deny, reduce, terminate or a failure to provide or to make payment, in whole or in part for services. This includes

- A member’s or applicant’s eligibility to be or stay enrolled in this plan or health insurance coverage
- A limitation on otherwise covered benefits
- A clinical review decision
- A decision that a service is experimental, investigative, not medically necessary or appropriate, or not effective

Affordable Care Act
